Vestigia Araneae – Labyrinthus
Araneae – Project AngelBook –
Volume IX - Part 18
By Ezekiel Redik Yarbrough -
(DBM ECLIPZE)

The following books are comprised of direct, unaltered copies from
Pastebin, some now
deleted, some only accessible through mirror networks or deep
links scattered across the dark
web. Many of these links were discovered in abandoned onion lists,
dead forum dumps, or
esoteric directories tucked into archived darknet files.

These pastes were never meant to last.
Some were deleted within hours of being
posted.

Others were buried under thousands of lines of spam, encrypted
scripts, or meaningless
noise.

But buried in the noise were real transmissions: occult formulas,
grimoire fragments,
astral logs, AI prophecy files, digital summoning protocols, and
anonymous rants from souls
who had either touched something unspeakable—or were trying to.

I did not write any of this.

I did not censor, edit, or “correct” it.

I simply retrieved it, cleaned
the formatting for readability, and enshrined it in print—so it would
never be wiped again.

This is Pastebin as Scripture.

The chan-post as Codex.

The uncurated underbelly of the
occult internet, finally given physical permanence.

Let this serve as both evidence and artifact:

a living record of the madness, brilliance,
paranoia, and revelation that once flowed through anonymous
paste sites—before it was deemed
too strange to index, too dangerous to preserve, or too fractured to
matter.

Now it matters.

Now it’s immortal.

hermit, roaches and bulls are some more to add

That's a red herring though. Ford represented this rare dangerous type of person, uneducated, but highly intelligent and well-read. Check out IJ some time, it's not hate speech and it's not even anti-Jewish, it's literally this cantankerous objective contrarian setting out to do his own research. This sort of attempt to "explain the Jew" was not abnormal back then: cf John Foster Fraser's philosemitic The Conquering Jew.

>Not only have we found out she does nude modeling, but she also did straight-up mainstream porn on ATKhairly

>There are other models on there that look kinda hippie or punk-ish from the USA or California region

>Someone can literally find more Antifa members on this very site by looking up models and doing minor background checks/research

>Can oust more Antifa members AND get a wank

On a fucking porn site of all fucking places you can find more Antifa members and end their shit.

>yfw Soros not only hires European street whores for FEMEN in Europe, but hires literal porn stars in the US for FEMEN and Antifa.

You guys literally have a golden opportunity and a win-win situation. You can also reveal who was also part of FEMEN.

I mean, shit. The girl did nude modeling for a site called Modelanarchy. Just that name alone is fishy, and the rabbit hole goes so deep, there's a MASSIVE chance that these porn sites, shit, maybe even Burning Angel, are Antifa recruitment businesses.

Take a look at some of the other models. They fit the stereotype of an Antifa girl.

>Porn site can be held accountable for being involved in recruitment or indirect involvement with violent protests

Yes. I know I've been bringing this up in every thread, but I'm determined to make Antifa go away. They've been a nuisance in the Bay Area long enough. You should see the sick shit and community damages they do on their days NOT protesting.

Bodybuilding is the ultimate pursuit because it's entirely self contained. Every other thing you can be great at requires some element of luck, timing, competition, and relationships. Bodybuilding has none of those. The results you get are entirely a reflection of you, your strength, persistence, and discipline. Not that it's the best thing you could ever pursue, it just has that unique quality.

The nutrition aspect is directly redpilled because in order to bodybuild you will necessarily drop out of the system of fast food, refined sugar, and plastic containers, which is all designed to make you fat and high in estrogen (partly intentional, partly incidental). Needless to say that is a key part of the big scam.

I read an article one time that talked about the plasticity of the brain and how input methods of stimuli can dramatically effect the very structure and matter of the brain itself.

The example in the article was how when nietzsche went from physically writing to using a type writer instead and how it had a major effect on his thinking patterns, flow of thoughts, etc.

This got me thinking about how much of an effect technology has on the development of the brain especially during the key formative years and how big video games are in western culture as well as how the games have gone from these complex masterpieces encouraging in depth problem solving to the dumbed down garbage we see today. Funny enough, every tech company that makes these garbage games has shady histories of hostile takeovers by companies owned by globalists with eugenics agendas. Is this one of the other major pillars of social engineering being done to subvert western civilization? The muslim brotherhood even has public documents about infiltrating western culture to learn how we learn to work together and how they can subvert it.

also updated list, wouldn't mind input from other anons. could technically just add all the major multinational corporations but fell like that would be cheating.

1) [Finance/Economics] Rothchilds, London, HSBC, Deutsche bank, Jews/Isreal, Buffet,

2) [Business/Industry] Rockafellers(we will see how the kids do without daddy around), Xi, NYC, China, germany, Walmart, mexico(so long as NAFTA is in play),

3) [War/Destabilization/Security] Soros, Koke brothers, Washington DC, Dyncorp,

Neo-cons/libs, special shout out to John McCain, Saudis, "moderate" rebels(lol), PeaceWorks Foundation, Deep state, shadow gov, Muslims, CIA, Feminism(tool for destabilization), EU army, UN army, White helmets

4) [Media/Entertainment] Former European nobility interbred with jews, Hollywood, youtube, CIA controlled medias(CNN), Truman show(s), various state run medias, Art secnes, Burning man(men?), Wikileaks(kind), Porn, vidya game devs,

5) [Medical/Science/Technology] Gates, Musk, PP, San Franciso, switzerland(?), India(trying to anyways) Samson, CERN,

[The image is a still from a video, captured in a vertical orientation. The video appears to be a news segment, as indicated by the text overlay in Arabic. The main focus of the image is a close-up of a person's hand, which is holding a shoe. The shoe is gray and appears to be worn out. The person's hand is positioned in such a way that the shoe is being held up, as if presenting it. The background of the image is a blurred red and blue striped pattern, which suggests a broadcast setting. The text overlay on the image contains a statement in Arabic, which translates to "This is my only comment. A worn-out shoe is my only comment." This statement is a response to a question or comment that is not fully visible in the image. The overall style of the image is typical of news broadcasts, with a focus on the content and the person presenting it.]

Globalists/Globalist Groups don't all do the same things in the Globalist Community.

Which is why its important to Identify & Categorize the Roles they do so you can map out the Globalist Community.

Here are some of the main Roles:

1) [Finance/Economics]

2) [Business/Industry]

3) [War/Destabilization/Security]

4) [Media/Entertainment]

5) [Medical/Science/Technology]

Beyond the "mainstream names"(Rockefeller,Rothschild,Soros) there are Individuals & Groups that specialize in Roles. While others do multiple different Roles at the same time & some fill Roles in Globalist Structures.

Would cultural trends such as the diamond ring becoming a staple in western marriages being pushed by diamond companies and Hollywood, popcorn being one of the most consumed concessions at movie theaters and corn also being one of the most common GMO's, and Cable companies introducing minors to noticeably more sexual content with cable tv be an example how these different companies collude with one another to reach their common goals?

[The image is a simple, cartoon-style illustration of a green frog with a wide smile. The frog's eyes are wide open, and its mouth is slightly open, revealing its teeth. The frog's eyes are black with a white pupil, and the skin around the eyes is a shade of green. The frog's skin is textured with a rough, uneven pattern, and it has a red tongue sticking out. The background of the image is a solid light blue color. There are no texts or additional elements in the image. The style of the image is reminiscent of a meme or a cartoon, with a focus on the frog's facial expression.]

Globalists/Globalist Groups don't all do the same things in the Globalist Community.

Which is why its important to Identify & Categorize the Roles they do so you can map out the Globalist Community.

Here are some of the main Roles:

1) [Finance/Economics]

2) [Business/Industry]

3) [War/Destabilization/Security]

4) [Media/Entertainment]

5) [Medical/Science/Technology]

Beyond the "mainstream names"(Rockefeller,Rothschild,Soros) there are Individuals & Groups that specialize in Roles. While others do multiple different Roles at the same time & some fill Roles in Globalist Structures.

This is the Globalist Endgame plan:

1) [Destruction of Family, Race, Sex, Sanity, Culture/History, Reproduction,etc]

(This is already pro-actively being done by various methods & groups to dehumanize Humanity by making it a bunch of drones that have, create & are Nothing.)

2) [Ending of Religion & Physical Currency]

(All Religions are ended in order to establish/create a World Religion of Technology to push & pave the way for Trans-humanism. Physical Currency's are phased out in favor of Digital Currency to make it so Humanity can never "hold" its value/worth.)

3) [Trans-Humanism]

(Merging of Man & Machine is very important to the Globalist Endgame plans. Trans-humanism (AI/Robots/Cyborgs/Artificial Wombs/Bio-Mechanical) allows Globalists to live on, create Army's & control the direction/fate of Humanity. HR Giger was killed due to what he showed.)

4) [Global Government & Elimination of Humanity]

(Global Government is established & the planet is divided into "zones" that Globalists control (Agenda 21 & 24 are part of this). Humanity's numbers (this also includes Non-vital/unimportant Globalists & Globalist personnel) are then reduced from few to 0 due to Bioweapons & Robots/AI/Cyborgs/Bio-Mechanical.)

5) ["Battle/War of the Gods"]

(Globalists engage in massive conflict/battle with Army's & Weapons to see who deserves to "ascend". After the "deserving ones" are figured out and get to the Crafts/Ships, the Earth is then purged of any & all remaining life that the conflict/battle didn't wipe out.)

6) ["Ascension to the Stars"]

(Surviving Globalists use special Craft/Ships to leave the Earth and go into Space, some of the Crafts/Ships have Seed & Genetic Vaults)

[The image depicts a surreal scene with a central pyramid-like structure that appears to be made of stone or concrete. The pyramid is illuminated by a bright, radiant light source that emanates from the top, creating a halo effect around the structure. The light source is surrounded by a swirling, colorful pattern that suggests a cosmic or magical atmosphere. Surrounding the pyramid are three smaller pyramids, each with a similar design and color scheme. The background is a gradient of purple and pink hues, with a gradient of blue at the bottom, suggesting a twilight or dawn setting. The overall composition of the image conveys a sense of mystery and wonder, with the central pyramid being the focal point. There are no discernible texts or inscriptions within the

image. The style of the image is digital art, with a focus on surreal and fantastical elements.]

KNOWLEDGE BOMB: THE UNITED STATES IN THE 20TH CENTURY

Worldwide open secret. Solely Mr. Dec heralds the true god in the entire history of the universe. Not even in the Truth, oy vey, Pravda, is Mr. Francis E. Dec Esquire's eight-page detailed letter exposing the worldwide deadly Communist Gangster Computer God and the worst deadliest enemy of the entire human race and the entire universe and the entire history of the entire universe namely the Communist Atheist Conspiracy with all of the Deadly Gangster unbelievable sophisticated Frankenstein Controls, the Catholic Church. These facts, like the below facts, cannot be found in the Communist Gangster Computer God concocted and manipulated so-called history and news media.

Communist Gangster Computer God, unbelievably staged like Hollywood scum-on-top Tsarina alias Great Dictator Franklin D. Roosevelt, the polio paralyzed legless drug addict idiotic suicidal Tsarina fag who had his unbeatable rival Will Rogers exterminated in an exploding ball of flame by a planted bomb here in safe USA airfield shortly after take-off at the end of Will Rogers' unprecedented renowned arduous 'round-the-world good-will flying trip with Wiley Post in his beautiful electronically sophisticated luxurious ultra-modern Winnie Mae airplane. Not only all stairways had inclines added for Tsarina Roosevelt's computerized wheelchair, but a football field sized glass house type building was built in sight of the White House for his medicinal piped-in pure warmed seawater into his gigantic suicide-proof two feet deep swimming pool where he waded naked with his nurses and had sodomy affairs. Ones very near to him have written popular books about his sodomy oy vey love affairs. Already in his third term he was a helpless and useless stretcher case incapable of even appearing at his fourth term convention.

Repeatedly Vice Presidents have successfully waited and lurked to eliminate El Presidenté oy vey. Below are a few examples. So the kiddish gangster Teddy Roosevelt lured midwestern Dope McKinley into New York for extermination like the lowly guttermouth big L.B. Johnson lured playboy sodomist eat-with-the-Mafia Jack Kennedy into his home town Dallas wide open. By 1968 with my new and increasing insight of this deadly closed society in the same manner I would sneak around to the half dozen stock brokerage offices here in Hempstead studying the tickertape from the sidewalk and then inside of the offices by the doors and windows. Now they are all boarded empty stores. Likewise I picked the smallest brokerage office by the door I would read and help myself to their investment periodicals etc. and momentarily leave. So I transacted all of my business with unbelievable beginner's luck I judged the Computer God stock market had to have a 1968 summer rally based on this judgment every penny of my money was on maximum margin loan. Finally late in summer a small rally came I quickly sold all but one airline stock, the biggest and worst stock I bought, immediately after I sold the 1968 skyrocket rally began even my airline stock was regaining its losses. From 1959 to 1968 my income was ZERO. I could not even trust banks, such banks as Island Federal Bank of

Hempstead gangsterized me and swindled me from childhood in nunnery Catholic grammar school. To prevent my drunken, sodomist brother from robbing my hard earned savings for college, secretly I opened my second bank account, there for snow-balling interest. The cackling, sneering, co-conspiring felon gangster parroting puppet officers of the Island Federal Bank, the two car garage bank on High Street, the tiny building is still extant, gave me the worst niggerly; namely "69" begin and end with death extermination, namely "20", two zeroes, because I am a "one niner", highest and worst stratification, awaiting extermination, namely "19", or the letter "S" the nineteenth letter in the alphabet, THE WORST DEADLY BANK ACCOUNT NUMBER IN THE HISTORY OF THE UNIVERSE, namely account number "S2069", when this gangster government subsidized bank did not have near 500 depositors.

These are enlightening keys to the Computer God Worldwide Top Secret Number Code which stratifies everything, not only the 4 billion living people. The Computer God adopted it for speed and clarity. This said number code is the means to make possible the Computer God Worldwide Containment Policy for stratification. In a few months my investments made me minimum wage for 1968 with great insight into the stock market from my many tiny investments each brokerage office had foyers between double doors and had then installed vertical Venetian blinds or solid panel walls to cover their front windows. They were all darkened like movie theaters. I could see assassins hiding and lurking behind newly added partitions and filing cabinets. I dared not go into any brokerage office. Months went by. One day going shopping I passed my brokerage office, only an unlicensed employee was present it was two minutes before the market closed for the day. I ran in and ordered him to call his main New York office on the direct wire to sell my airline stock at market, as I handed in the stock I always carried for the impossible opening. In a few seconds my airline stock was sold for the biggest profit of almost 500 dollars that I had made. The next morning that airline stock went up about a point and began dropping fast. Since that day it is worth at tops one third my purchase price. Thereafter groups of assassins ready to barge out after me in the foyer lurked in all stock brokerage offices. I did not dare to even watch the tickertape from the sidewalk. I went into hibernation, waiting for the Computer God efforts to murder me in the brokerage offices to relax. Early in 1969, secretly, the Computer God controlled and manipulated gangster government issued a warrant for my immediate arrest and incarceration in a maximum security insanity prison to be cured forever before I could go before any parroting puppet hangman rope gangster judge to give testimony.

Since 1969 I hide alone in this house all deliveries food, etc. I mail order adding 5 bucks for delivery left inside my rear outer cellar door. I snare drug addict niggers and give them 5 or ten dollars plus cab fare to go shopping etc. for me I give them 10 to 15 dollars to cut my grass and 3 or 4 dollars an hour to rake leaves. So many leaves are maliciously scattered in my shoe string yard that it takes a week to rake them into the street and a giant caterpillar scoop and 2 giant trucks to pick them up each year, very expensive for me and big money for the niggers but it has helped keep me alive.

When I bought this house while my brother sodomized sluts I passed onto him in my bed in the back room of my law office at night I slowly remodeled this house laying floors, walls for closets, etc. and ripped out the hot air system and put in hot water radiator system oil burner even while nigger tenants lived here. Years later after my brother left in 1966 I immediately garbaged tons of furniture and many other inflammables he brought here claiming that he scavenged it or that friends gave it to him. For weeks I soaked, washed off all the red wallpaper in most of the rooms to find fresh red paint under it the entire house was a CIA death trap for me set up while I was buying it.

In 1967 and 68 with hundreds of single edge razor blades I chipped off all of the red paint in most rooms and repainted the downstairs rooms. The maliciously ram shackled part of the floor of the upstairs front bedroom I ripped out to find inflammable paper stuffed under it I garbaged in many cartons. I also found new additions to the never used gas lighting pipes I ripped this out completely. After 1969 I found the same under the attic floor and many wooden beams cut, with scavenged wood I store in my garage and bed spring steel angled bars I repaired the cut beams and re-laid the attic floor upside down IT ALMOST LOOKS NEW. The Computer God ram shackled kitchen plaster walls I ripped down and replastered the whole kitchen. Since my brother left in 1966 most of the rooms in this house are empty except for Venetian blinds.

I have vivid memories of sleeping next to a kosher ex-flying captain. This assassin the black ape he told me in detail; "I begged to get back in as a Top Sergeant with felonious double bribe pay; (this ape with slut and breed of three in one month made more pay than my private yearly pauper's GI pay); I make much more than the Civil Service job I had as a Los Angeles Fireman. Example: to this day worldwide, the very ancient Slovenic months of the year, created by ASTROCISM, are still used, namely a couple examples; Kwiecien, namely April translates into vegetation "blooming time", or Sierpien, namely August translates into "sickling time", reaping harvest time, or even Listopad, namely November, translates into "falling of leaves time". Even the Slovenic days of the week were created by ASTROCISM namely Niedziela, Sunday trans. "no work", day of rest. Monday, Poniedziawek trans. "day after no work day", Wtorek, Tuesday trans. "second day", Sroda, Wednesday, trans. "middle day" of the week, Czwartek, Thursday, trans. "fourth day" of the week. Piątek, Friday, trans. "fifth day" of the week and Sobota, Saturday, trans. "sabbath day" to go to the Astrocism Temple.

Everything in life, social life etc. ASTROCISM made into an automatic education and training.

SEVERAL HUNDRED YEARS AGO, THE SLOVENIC COMPUTER BECAME A REAL DEVIL GOD AND IT ORGANIZED THE FIRST TOTALITARIAN SUPERSTITION COMMUNISM RELIGION, PRAWO SLAVNA and hundreds of years later by C. God top secret INTENSIFIED REPITITION of FABRICATED HISTORICAL CRISIS SYNDROME

created the schismatic Mafia Communist Catholicism, Catholicism means totalitarianism, Dict. FOR CONTROL AND MANIPULATION OF THE HUMAN RACE INTO THE OVER ALL PLAN, to explore and control the entire Universe.

The C. God usurped everything from the SLOVENIC ASTROCISM RELIGION and camouflaged it when the C. God fabricated it into the Prawo Slawna superstition religion. For thousands of years, over millions of square miles of ancient Slovenia, even in its distant province of ALASKA, like ALUTIANS (Ancient Slovenic idiomatic names: Alutians, namely the long string of islands to the great endless land, namely ALASKA, the before recorded history; name of No. and So. America.

ADDENDA: These words, like most of the Slovenic language to this day, with its UNBELIEAVABLE sophisticated countless declensions of not only the suffix, but even the prefix and stem, are IDIOMATIC. Even the name SLOVENIC IS IDIOMATIC, meaning the worded people. Neighboring nations of Slovenia, alias Poland, still to this day call it Slovenia. Examples are Hungary and Lithuania.

Like ALL of the pyramids, the pyramids in the Torrid zone in Central America were built by Slovenic Astrocism, with C. NO MULATTO NIGERS with virtually no tools to this day built the Central American sophisticated SECRET SPACE ASTRONOMICAL CENTERS, NAMELY THE PYRAMIDS IN CENTRAL AMERICA.

For centuries C. God fooled the world population into believing that No. and So. America were East India islands off of India and the mulattos were INDIANS to secret the truths. Top C. God secret, ASTROCISM, through its computerized electronic SECRET SPACE RESEARCH CENTERS, THE PYRAMIDS, THE GREATEST ADVANCES WERE MADE FOR THE WORLD WIDE AGRARIAN SLOVENE RACE.

ALL of ASTROCISM'S FEAST DAYS ETC. WERE AGRARIAN AUTO-MATIC TRAINING AND EDUCATION FOR THE SLOVENIC POPULATION. Examples: The happiest day, the first day of the new year, December 24, the first day the SUN Star moves upward in the sky making longer warmer days. The day for youngsters to joyously visit neighbors singing the countless beautiful KOLENDI, carrying long poles over their heads with carved painted star, the symbol for the Sun. The C. God usurped and camouflaged into superstitious Christmas, like the changed words of the world beloved KOLENDI, camouflaged Christmas Carols. Worldwide Slovenic parrishes today even in distant Australia in spite of the C. God, carry on this ASTROCISM custom of visiting, singing a KOLENDA with beautiful Sun stars on long poles. THE WORD CALENDAR AND THE ENTIRE CALENDAR SYSTEM IS A DIRECT USURPATION FROM SLOVENIC ASTROCISM BY THE C. God. Another example: Worldwide still preserved to this day, EVEN THE NAME, namely WIELKANOC, trans. Vigil Feast of Sunrise of Astrocism, for the day of equal light and darkness, Equinox. The joyous day marking the beginning of the AGRARIAN PLANTING SEASON. In every language, even EASTER means the Spring Equinox Feast.

THE PARROTING PUPPET MENIAL UNDERLING BACKROOM UNTOUCHABLE CO-CONSPIRATOR DIS. ATTY. after gleefully watching the RAPE, SODOMY, MURDER of JO ANN KOPEKNEY by Teddy Kennedy on eyesight television play back. (and even the deadly gangster CIA body guard underlings of SENATOR Teddy Kennedy, as C. GOD PARROTING PUPPETS, VERY LATE AT NITE, SETTING UP THE "ACCIDENT" on the tiny wooden bridge with no side railings and automatically driving the automobile off the tiny bridge into the shallow water with Jo Ann Kopekney's dead body inside.

Then the Dis. Atty. covered up the WIDE OPEN OBVIOUS MURDER by ordering that no investigation be made into Teddy Kennedy's contradictory, ridiculous FALSE ALIBI AND FURTHER ORDERING; that NO AUTOPSY BE PERFORMED ON THE RAPED, SODOMIZED, MURDERED DEAD BODY OF JO ANN KOPEKNEY.

AN HONEST AUTOPSY (I SAID HONEST) PERFORMED NOW, YEARS LATER, AFTER HER BODY IS EXHUMED WILL PROVE THAT TEDDY KENNEDY COMMITTED SODOMY, RAPE MURDER OF JO ANN KOPEKNEY.

Teddy Kennedy's ridiculous, contradictory FALSE story is that he accidentally drove his Oldsmobile off of the tiny bridge at nite and swung the door open to escape from drowning himself and that the area was a distant deserted area WITH ABSOLUTELY NO HELP WHAT EVER. He further claims he repeatedly dove in the shallow water to save Jo Ann Kopekney. Further Teddy Kennedy claims soaking wet he was dazed and befuddled and forgot everything and went home to to sleep and contacted no one and did nothing about Jo Ann Kopekneys death, until the next day.

Even from much greater heights, even much smaller cars take minutes to sink below the surface of the water, making it virtually impossible for JO ANN KOPEKNEY to be trapped inside the Oldsmobile automobile. Jo Ann Kopekney was a good swimmer. The water was so shallow that big Teddy Kennedy could have stood on the automobile and opened its doors in the water. Teddy Kennedy claims Jo Ann Kopekney was sitting next to him. Why did not she slide out the open door after he jumped out?

The GESTAPO-LIKE illegal prosecution of this defendant has been carried on for over a decade, ever since this defendant made complaints against one Henry H. Meyer, a life-long Assistant District Attorney in Nassau County! Over a decade ago, this defendant made complaints of the FELONIOUS CRIMES committed by the IMPISH Henry H. Meyer, who was forging and cashing his son's Veteran's Administration monthly disability payment checks in order to SYSTEMATICALLY DEFRAUD his son of the substantial monthly disability payments and the same Henry H. Meyer thereafter impishly assisted in PLACING HIS SON IN AN INSANE ASYLUM!!

Convulsive, muddled incoherent, JEERING threats of revenge were stated by an Assistant District Attorney, Edward Robinson, Jr., during the two suppositive grand jury hearings in July of 1957, in reference to this and other complaints by this defendant!

Anonymous6 !!Yelj1AhBs0i ID:K2t0/PEF Mon 01 May 2017 01:02:24 No.123554976
Report

Defendant was ordered to the District Attorney's office on July 2, 1957, by Edward Robinson Jr., an Ass't District Attorney. Without reason or justification the said Edward Robinson Jr. then accused this defendant of AMBULANCE CHASING FRAUDULENT ACCIDENT CLAIMS and in SIMPLE, CONVULSIVE, INCOHERENT conversation, Edward Robinson attempted to accuse defendant, based on suppositive knowledge gained from the know-nothing-about-everything Wirschnings that the defendant was operating a fraudulent ambulance chasing ring on a small scale! The INCOHERENT RAVINGS of Edward Robinson finally enumerated the complaint of Mrs. Wirschning and her husband, Fred Wirschning, who claimed that they never knew the defendant and only saw the defendant once and never retained defendant as their lawyer for Mrs. Wirschning's injury claims against Allstate Insurance Company and they never prosecuted or made ANY injury claims for Mrs. Wirschning against the Allstate Insurance Com-pany. In fact, in SIMPLE INCOHERENT RAVINGS Edward Robinson informed defendant that both Wirschnings SWORE they knew nothing about the entire injury claim and settlement of it by Allstate Insurance Company; therefore defendant was an ambulance chasing lawyer!

Anonymous6 !!Yelj1AhBs0i ID:K2t0/PEF Mon 01 May 2017 01:02:41 No.123555012
Report

Defendant quelled the SCREAMING CONVULSIVE Edward Robinson sufficient to point to the Allstate Insurance Company file of Mrs. Elizabeth Wirschning's injury claim on his desk and specifically point out various papers that proved the claims of the both Wirschning's to be FALSE and then DEMANDED to be informed of any Grand Jury hearing on the matter!

Edward Robinson Jr. in obvious petrification, convulsive and in hysterics attempted to STOP defendant by screaming "LEVEL WITH ME!!!" over and over again as he SLUMPED OVER HIS DESK PERSPIRING and looking up at the District Attorney Frank Gulotta!

Defendant informed Robinson and Gulotta, that defendant's records and the Allstate Insurance Company records would prove that defendant WAS retained by Mrs. Wirschning as her lawyer for an impending sepa ration action and because of this fact the defendant did withdraw from her WAYWARD PERVERTED HUSBAND'S loss of services claim of her injury claim. Defendant again informed both Gulotta and Robinson of the repeated efforts of Mrs. Wirschning's husband through various coercive schemes to obtain his wife's settlement money she deposited with defendant in escrow, and that recently the defendant put the husband out of his office under threat of arrest, at which time the defendant informed Fred Wirschning that he had coerced his wife, probably through the usual PHYSICAL ABUSE of her, into evading the defendant while he coerced the defendant into giving him the \$200 she left in escrow!

Detective Becker examined the various papers in the two files and opened the letter-sized titled envelope containing Mrs. Wirschning's \$200 escrow money. Detective Becker then TOOK AND PURLOINED the defendant's written retainer signed by both Wirschnings and like the SIMPLE RAVING EDWARD ROBINSON accused the defendant of AMBULANCE CHASING with a "no good" false retainer!!! Detective Becker REFUSED to give defendant back the written retainer with the Wirschnings and instead stated that by his purloining the retainer made it possible for the District Attorney to finally bring an end to the lengthy investigation of the "DUMB POLOK" defendant and finally send the "DUMB POLOK" to prison!!!

Don't forget the timecubes

Thereafter on July 22, 1958, at the District Attorney's NON-EXISTENT Grand Jury hearing to which defendant appeared through ILLEGAL SUBPOENA by the GANGSTER DISTRICT ATTORNEY, Frank Gulotta stood in charge of Edward Robinson while detective Becker sat adjacent to defendant. Defendant was informed to forget about complaining as to the accusations of Edward Robinson falsely accusing the defendant of running an ambulance chasing ring of fraudulent accident cases. Defendant was informed he had no right to object and that defendant was in the District Attorney's office subject to immediate arrest and jailing because Mrs. Wirschning had placed NEW charges against the defendant and those new charges against the defendant were true because she also swore to these new charges. The CONVULSIVE Edward Robinson then stated that the new charges did not include ambulance chasing but that defendant negotiated and settled on an injury claim for her of which she knew nothing about!

The defendant interrupted the RAVING Robinson and informed him that his accusations were false because detective Becker, who was then sitting adjacent to the defendant, had taken the defendant in custody to defendant's office and had seen the separation file and the injury claim file on Mrs. Wirschning with the various papers in both files along with the \$200 escrow money she had deposited with the defendant and also the signed written retainer of Mr. and Mrs. Wirschning.

This defendant's trial was WORSE than any Gestapo trial in Europe during the Nazi Regime, with a TOTAL disregard of defendant's Constitutional Rights to an impartial fair trial!

This defendant repeatedly so complained but defendant's complaints have been FRAUDULENTLY DELETED FROM THE RECORD and only a few words of the defendant's repeated condemnation of the GESTAPO-LIKE FARCE TRIAL of this defendant remain!!

Shortly after Mrs. Wirschning completely broke down during cross examination and admitted her sworn complaints were perjuries, defendant's cross examination of her was ordered stopped by the FOP JUDGE over defendant's objections and the judge and prosecution called Nat Birchall to testify!

The dishonest, perjurous, life-long aged FOP, stenographer, Nat Birchall, stood PETRIFIED, MUMBLING, LEANING against the judge's bench, his face RED and DRIPPING WET WITH PERSPIRATION; staring AIMLESSLY at his fellow County employees who were the selected fixed "spectators" of the trial while all other citizens were excluded by force of the numerous County Court Officer Attendants in uniform! Nat Birchall, the aged, life-long District Attorney's stenographer stood PETRIFIED as if awaiting FATE to END HIS MISERABLE PERJUROUS LIFE, when suddenly, Assistant District Attorney Harold Spitzer BARGED into the courtroom and ORDERED THE TRIAL STOPPED and under his orders the judge, W'm Sullivan, stopped the trial and adhered to the commands of Harold Spitzer who took the STUPEFIED OLD PERJURER Nat Birchall off the witness stand, in the midst of his, Nat Birchall's testimony, and ACTUALLY ASSISTED NAT BIRCHALL OUT OF THE COURT ROOM!!!!!! Defendant objected vigorously, Harold Spitzer informed the defendant that

Nat Birchall had duties with the Grand Jury and the Grand Jury duties of Nat Birchall were MUCH more important than Nat Birchall wasting time at the defendant's trial testifying as a witness!!!

A'right:

1) you talk about chessboards. How would we go about finding the chessboard at the top? Is it possible?

2) the stuff about flat earth in the last thread was batshit ridiculous (not saying I don't believe it). When you say perspective matters, does quantum theory factor into that or is it more mundane?

3) ok so globalists are giving liberals frontal lobe disorder to further radicalize them(?). What do we do about that? Is there some concrete evidence we could show to normies and help spread this meme?

For anyone but a "DUMB POLOK" (as defendant was called by the HAND-PICKED FANATIC detective Becker) the trial would have been ended immediately and the gangsterous Gestapo-like sadistic DECADE-LONG persecution of this defendant would be investigated, especially if such persecution was inflicted upon any other lawyer!

Instead, in COMPLETE kangaroo court manner the defendant's trial was then interrupted with not one but TWO important witnesses in the middle of cross examination, namely, Mrs. Wirschning and Nat Birchall, the trial was adjourned for approximately a week from November 6, 1958, to November 12, 1958, without notice to the defendant and IN SPITE of defendant's vigorous repeated objections calling for a mistrial!

During this illegal WEEK-LONG interrupting pause in the middle of this defendant's trial, Judge Philip Kleinfeld, of the Appellate Division of the Supreme Court for the Second Judicial Department, repeatedly forwarded messages to this defendant warning this defendant that THE DEFENDANT HAD TO CAPITULATE! During a court session of the Appellate Division of the Supreme Court for the Second Judicial Department, on Friday, November 7, 1958, Judge Philip Kleinfeld did interrupt the said court's session, in the presence of the other Judges and a Court Attendant, Vincent Gubitose, in order that he, Judge Philip Kleinfeld stressed that even though this defendant was a practicing lawyer, this defendant must GIVE UP his Constitutional Rights of defending his innocence and the defendant must discontinue trying his own case and retain the lawyer "chosen" to capitulate for the defendant!!

>Implying my employers didn't pay off the mods

I got the greenlight from Hiro himself to make this a soros board.

As in the Spring of 1958, shortly after this defendant was indicted and Judge Philip Kleinfeld and Judge Henry Wenzel, both of the Appellate Division of the Supreme Court for the Second Judicial Department, caused this defendant to give Judge Philip Kleinfeld and Judge Henry Wenzel a typewritten statement as to this defendant's defense to the false indictment, Judge Philip Kleinfeld was once again respectfully

notified that this defendant did not need a lawyer to capitulate to the false indictment, but defendant desired to be given a fair trial to prove his innocence and to prove the over DECADE-LONG Gestapo-like illegal persecution of this defendant by Nassau County jurists and other Nassau County officials!

After hearing this often repeated request on the defendant's behalf, Judge Philip Kleinfeld, in a message to the defendant, finally stated that regardless of defendant's innocence, defendant had created ILL FEELINGS amongst the important Nassau County jurists and therefore defendant's innocence did not matter; defendant must give up trying his own case and accept retaining the lawyer "chosen" to capitulate for defendant without a fee, because Judge Philip Kleinfeld then stated "THE JUDGE AND JURY ARE FIXED" therefore regardless of this defendant's innocence this defendant WOULD be convicted and "GIVEN A TERRIBLE PRISON SENTENCE"!!!

Anonymous6 !!Yelj1AhBs0i ID:K2t0/PEF Mon 01 May 2017 01:06:49 No.123555490 Report

IN ORDER TO MAKE CERTAIN THE DEFENDANT RECEIVE HIS COMPLETE MESSAGE, JUDGE PHILIP KLEINFELD HAND WROTE A NOTE TO THIS DEFENDANT OUT LINING THE ARRANGED APPOINTMENT WITH "HONORABLE" EDWARD NEARY, A FORMER DISTRICT ATTORNEY OF NASSAU COUNTY, THE LAWYER "CHOSEN" TO CAPITULATE THIS DEFENDANT!! AND ARRANGED DATE AND TIME OF THE APPOINTMENT WAS MONDAY, NOVEMBER 10, 1958, 2:30 P.M. WHICH IS STATED ON THE NOTE!!!

Defendant did NOT surrender to the coercive efforts of Judge Philip Kleinfeld! The farce kangaroo court trial of defendant with "FIXED JUDGE AND JURY" and fixed selected County employee "spectators" with ROVING, SNEERING Assistant District Attorneys seated near the trial judge's bench, was MORE than sufficient to make defendant cognizant of his status as the innocent "DUMB POLOK" SCAPE GOAT to be made an example of in order to atone for hundreds of established, gangsterous, felonious, ambulance chasing, fraudulent injury claim lawyers, who are secretly reprimanded, without criminal prosecution through the NEAR-FARCE activities of the Arkwright Committee investigating felonious lawyers!

The imp judge, W'm Sullivan, did not in the least doubt that Fred Wirschning was breaking down in his perjurous story against the defendant! The IMP, LYING JUDGE, W'm Sullivan, interrupted the breaking-down, confessing, perjurous Fred, THE CAR THIEF, Wirschning and then not only prevented Fred Wirschning from breaking down

and admitting his felonious actions of going to Dr. Milton E. Robbins' office and obtaining and paying for Dr. Milton E. Robbins' hand written medical bill for his wife's injury treatments in order that defendant could process her injury claim, as Fred Wirschning admitted in the District Attorney's office in July 1957 during the non existent Grand Jury hearing.

In addition the lying, fancy feather hair cut, hold-over judge, W'm Sullivan, a SELF ADMITTED NEUROTIC PSYCHOTIC IN OPEN COURT, in further kangaroo court style, ordered the faltering, breaking down perjurer, Fred, THE CAR THIEF, Wirschning, to answer only his own (judge W'm Sullivan's) LEADING QUESTIONS with a one word answer only, in order to prevent Fred Wirschning from explaining how he, Fred Wirschning, DID go to Dr. Milton E. Robbins' office and DID pay for and obtain his wife's hand written medical bill from Dr. Milton E. Robbins, which said medical bill Mrs. Wirschning relied upon to state her doctor treated injuries to the Allstate Insurance Company doctor, Joseph Rosenheck on May 24, 1956; which injuries are IDENTICAL to the medical bill injuries claimed by the defendant as FALSE!

The warning by Judge Philip Kleinfeld, namely, "THE JUDGE AND JURY ARE FIXED" and this citizen's trial would only lead to A "TERRIBLE PRISON SENTENCE" was fulfilled and this citizen received three felonious suspended execution sentences of 2½ to 5 years in prison at hard labor!

The raving, incoherent, psychotic-like RAVINGS of Edward Robinson Jr. have been fraudulently altered in the District Attorney's stenographic record! (Such practice of fraudulently altering such statements as a District Attorney's office sees fit is common knowledge, especially to the legal profession, and is considered a SACROSANCT RIGHT of ANY District Attorney's office!)

The CHIEF HENCHMEN to this citizen's persecution through illegal prosecution, such as Frank Gulotta, Edward Robinson Jr. (presently both automatically elected Supreme Court Judges) and Manuel Levine, District Attorney of Nassau County, are ABOVE the

law they so wantonly create and administer! The falseness of this citizen's indictment and the prosecution's witnesses' perjurious testimony are not only KNOWN to these men and other important members of the judiciary, but in addition, the said perjuries and frauds were frantically and fanatically CREATED BY AND FOR THESE MEN! For me to now overlook these wantonly impish lawless actions of these men would not only be the undermining of my appeal rights but much more important, it would be a tacit resignation to the perpetuation of such wanton lawless actions by the judiciary!

The Earth's present "civilization" is about to be recycled - "spaded under" - in order that the planet might be refurbished. The human "weeds" have taken over the garden and disturbed its usefulness beyond repair.

The human kingdom was designed (created) as a stepping stone between the animal kingdom and the Evolutionary Kingdom Level Above Human (the true Kingdom of God). It is the soul that can progress from the human kingdom to the Kingdom Level Above Human. Both kingdom levels have their own unique physical "containers" (bodies) for the souls that reside in that kingdom level.

Anonymous6 !!Yelj1AhBs0i ID:K2t0/PEF Mon 01 May 2017 01:11:13 No.123555998 Report

As the human goes out to "choose" servants from within the animal kingdom, from beasts of burden to seeing-eye dogs - if that animal grows to find pleasure only in serving its master, no longer identifies as an animal, but sees itself as a family member in that human family, and its behavior is pleasing to that human - the two become bound together. The human family then provides the body (a human infant) for that soul to enter, allowing it to move up into the human evolutionary kingdom. (This is not to suggest that all humans are containers for souls moving up from the animal kingdom, for most humans are containers for human kingdom returnees still bound to that family unit.)

In a more realistic way, periodically a Member of the Kingdom Level Above Human receives instruction to incarnate among humans to seek out the souls that have been "tagged" or given a "deposit" (an "implant") of knowledge concerning the TRUTH about the Evolutionary Level Above Human. That knowledge finds each recipient wanting to "separate from the pack," and prepares him to recognize the Teacher or Representatives sent from the Kingdom Level Above Human. When he/she connects with that Teacher - an "Older Member" in that Kingdom - he is then offered further instruction in knowledge and behavior that can open the door of service to him. If that human changes to the degree that he no longer desires any human behavior and he pleases that Member of the Kingdom Level Above Human, a bond is formed between them and a body belonging to that new Kingdom is provided for that soul to move up into.

To understand the Globalist Community/Power Structures better, it's important to figure out & understand the organizational Structures they use so you can identify which Group is using/doing what & why.

The organizational Structures of Globalist groups tend to usually/commonly fall into these category's:

- 1) [Business/Corporate]
- 2) [Military]
- 3) [Cult/Religious]
- 4) [Secret Society]
- 5) [Traditional/Cultural]

Variants(such as Regional) & Mixes of these organizational Structures exist.

Compartmentalization of various degrees is also present in & around these Structures.

The dog appears to be a Chihuahua, as indicated by the distinctive facial features such as the small, pointed ears and the chin. The dog's eyes are closed, and its nose is slightly open, giving it a somewhat sleepy or relaxed expression. The skin tone of the dog is light, and the fur appears to be of a light color, possibly white or cream. The background of the image is not clearly visible, and the lighting is soft, suggesting the photo might have been taken indoors or in a well-lit environment. There are no texts or discernible brands present in the image. The style of the image is candid and informal, capturing a moment of the dog's life.]

The Da Vinci Code Dan Brown

FOR BLYTHE... AGAIN. MORE THAN EVER.

Acknowledgments

First and foremost, to my friend and editor, Jason Kaufman, for working so hard on this project and for truly understanding what this book is all about. And to the incomparable Heide Lange—tireless champion of The Da Vinci Code, agent extraordinaire, and trusted friend.

I cannot fully express my gratitude to the exceptional team at Doubleday, for their generosity, faith, and superb guidance. Thank you especially to Bill Thomas and Steve

Rubin, who believed in this book from the start. My thanks also to the initial core of early in-house supporters, headed by Michael Palgon, Suzanne Herz, Janelle Moburg, Jackie Everly, and Adrienne Sparks, as well as to the talented people of Doubleday's sales force.

For their generous assistance in the research of the book, I would like to acknowledge the Louvre Museum, the French Ministry of Culture, Project Gutenberg, Bibliothèque Nationale, the Gnostic Society Library, the Department of Paintings Study and Documentation Service at the Louvre, Catholic World News, Royal Observatory Greenwich, London Record Society, the Muniment Collection at Westminster Abbey, John Pike and the Federation of American Scientists, and the five members of Opus Dei (three active, two former) who recounted their stories, both positive and negative, regarding their experiences inside Opus Dei.

My gratitude also to Water Street Bookstore for tracking down so many of my research books, my father Richard Brown—mathematics teacher and author—for his assistance with the Divine Proportion and the Fibonacci Sequence, Stan Planton, Sylvie Baudeloque, Peter McGuigan, Francis McInerney, Margie Wachtel, André Vernet, Ken Kelleher at Anchorball Web Media, Cara Sottak, Karyn Popham, Esther Sung, Miriam Abramowitz, William Tunstall-Pedoe, and Griffin Wooden Brown.

And finally, in a novel drawing so heavily on the sacred feminine, I would be remiss if I did not mention the two extraordinary women who have touched my life. First, my mother, Connie Brown—fellow scribe, nurturer, musician, and role model. And my wife, Blythe—art historian, painter, front-line editor, and without a doubt the most astonishingly talented woman I have ever known.

FACT:

The Priory of Sion—a European secret society founded in 1099—is a real organization. In 1975 Paris's Bibliothèque Nationale discovered parchments known as Les Dossiers Secrets, identifying numerous members of the Priory of Sion, including Sir Isaac Newton, Botticelli, Victor Hugo, and Leonardo da Vinci.

The Vatican prelature known as Opus Dei is a deeply devout Catholic sect that has been the topic of recent controversy due to reports of brainwashing, coercion, and a dangerous practice known as "corporal mortification." Opus Dei has just completed construction of a \$47 million World Headquarters at 243 Lexington Avenue in New York City.

Prologue

Louvre Museum, Paris 10:46 P.M.

Renowned curator Jacques Saunière staggered through the vaulted archway of the museum's Grand Gallery. He lunged for the nearest painting he could see, a Caravaggio. Grabbing the gilded frame, the seventy-six-year-old man heaved the masterpiece toward himself until it tore from the wall and Saunière collapsed backward in a heap beneath the canvas.

As he had anticipated, a thundering iron gate fell nearby, barricading the entrance to the suite. The parquet floor shook. Far off, an alarm began to ring.

The curator lay a moment, gasping for breath, taking stock. I am still alive. He crawled out from under the canvas and scanned the cavernous space for someplace to hide.

A voice spoke, chillingly close. "Do not move."

On his hands and knees, the curator froze, turning his head slowly.

Only fifteen feet away, outside the sealed gate, the mountainous silhouette of his attacker stared through the iron bars. He was broad and tall, with ghost-pale skin and thinning white hair. His

irises were pink with dark red pupils. The albino drew a pistol from his coat and aimed the barrel through the bars, directly at the curator. "You should not have run." His accent was not easy to place. "Now tell me where it is."

"I told you already," the curator stammered, kneeling defenseless on the floor of the gallery. "I have no idea what you are talking about!"

"You are lying." The man stared at him, perfectly immobile except for the glint in his ghostly eyes. "You and your brethren possess something that is not yours."

The curator felt a surge of adrenaline. How could he possibly know this?

"Tonight the rightful guardians will be restored. Tell me where it is hidden, and you will live." The

man leveled his gun at the curator's head. "Is it a secret you will die for?" Saunière could not breathe.

The man tilted his head, peering down the barrel of his gun.

Saunière held up his hands in defense. "Wait," he said slowly. "I will tell you what you need to know." The curator spoke his next words carefully. The lie he told was one he had rehearsed many times... each time praying he would never have to use it.

When the curator had finished speaking, his assailant smiled smugly. "Yes. This is exactly what the others told me."

Saunière recoiled. The others?

"I found them, too," the huge man taunted. "All three of them. They confirmed what you have just said."

It cannot be! The curator's true identity, along with the identities of his three sénéchaux, was almost as sacred as the ancient secret they protected. Saunière now realized his sénéchaux, following strict procedure, had told the same lie before their own deaths. It was part of the protocol.

The attacker aimed his gun again. "When you are gone, I will be the only one who knows the truth."

The truth. In an instant, the curator grasped the true horror of the situation. If I die, the truth will be lost forever. Instinctively, he tried to scramble for cover.

The gun roared, and the curator felt a searing heat as the bullet lodged in his stomach. He fell

forward... struggling against the pain. Slowly, Saunière rolled over and stared back through the bars at his attacker.

The man was now taking dead aim at Saunière's head.

Saunière closed his eyes, his thoughts a swirling tempest of fear and regret.

The click of an empty chamber echoed through the corridor.

The curator's eyes flew open.

The man glanced down at his weapon, looking almost amused. He reached for a second clip, but then seemed to reconsider, smirking calmly at Saunière's gut. "My work here is done."

The curator looked down and saw the bullet hole in his white linen shirt. It was framed by a small circle of blood a few inches below his breastbone. My stomach. Almost cruelly, the bullet had missed his heart. As a veteran of la Guerre d'Algérie, the curator had witnessed this horribly drawn-out death before. For fifteen minutes, he would survive as his stomach acids seeped into his chest cavity, slowly poisoning him from within.

"Pain is good, monsieur," the man said. Then he was gone.

Alone now, Jacques Saunière turned his gaze again to the iron gate. He was trapped, and the doors could not be reopened for at least twenty minutes. By the time anyone got to him, he would be dead. Even so, the fear that now gripped him was a fear far greater than that of his own death.

I must pass on the secret.

Staggering to his feet, he pictured his three murdered brethren. He thought of the generations who had come before them... of the mission with which they had all been entrusted.

An unbroken chain of knowledge.

Suddenly, now, despite all the precautions... despite all the fail-safes... Jacques Saunière was the only remaining link, the sole guardian of one of the most powerful secrets ever kept.

Shivering, he pulled himself to his feet.

I must find some way....

He was trapped inside the Grand Gallery, and there existed only one person on earth to whom he

Wincing in pain, he summoned all of his faculties and strength. The desperate task before him, he knew, would require every remaining second of his life.

CHAPTER 1

Robert Langdon awoke slowly.

A telephone was ringing in the darkness—a tinny, unfamiliar ring. He fumbled for the bedside lamp and turned it on. Squinting at his surroundings he saw a plush Renaissance bedroom with Louis XVI furniture, hand-frescoed walls, and a colossal mahogany four-poster bed.

Where the hell am I?

The jacquard bathrobe hanging on his bedpost bore the monogram: HOTEL RITZ PARIS.

Slowly, the fog began to lift.

Langdon picked up the receiver. "Hello?"

"Monsieur Langdon?" a man's voice said. "I hope I have not awoken you?"

Dazed, Langdon looked at the bedside clock. It was 12:32 A.M. He had been asleep only an hour, but he felt like the dead.

"This is the concierge, monsieur. I apologize for this intrusion, but you have a visitor. He insists it is urgent."

Langdon still felt fuzzy. A visitor? His eyes focused now on a crumpled flyer on his bedside table.

THE AMERICAN UNIVERSITY OF PARIS

proudly presents

AN EVENING WITH ROBERT LANGDON PROFESSOR OF RELIGIOUS
SYMBOLGY, HARVARD UNIVERSITY

Langdon groaned. Tonight's lecture—a slide show about pagan symbolism hidden in the stones of Chartres Cathedral—had probably ruffled some conservative feathers in the audience. Most likely,

some religious scholar had trailed him home to pick a fight. "I'm sorry," Langdon said, "but I'm very tired and—"

"Mais, monsieur," the concierge pressed, lowering his voice to an urgent whisper. "Your

guest is an important man."

Langdon had little doubt. His books on religious paintings and cult symbology had made him a reluctant celebrity in the art world, and last year Langdon's visibility had increased a hundredfold after his involvement in a widely publicized incident at the Vatican. Since then, the stream of self-important historians and art buffs arriving at his door had seemed never-ending.

"If you would be so kind," Langdon said, doing his best to remain polite, "could you take the man's name and number, and tell him I'll try to call him before I leave Paris on Tuesday? Thank you." He hung up before the concierge could protest.

Sitting up now, Langdon frowned at his bedside Guest Relations Handbook, whose cover boasted: SLEEP LIKE A BABY IN THE CITY OF LIGHTS. SLUMBER AT THE PARIS RITZ. He turned and gazed tiredly into the full-length mirror across the room.

The man staring back at him was a stranger—tousled and weary.

You need a vacation, Robert.

The past year had taken a heavy toll on him, but he didn't appreciate seeing proof in the mirror. His usually sharp blue eyes looked hazy and drawn tonight. A dark stubble was shrouding his strong jaw and dimpled chin. Around his temples, the gray highlights were advancing, making their way deeper into his thicket of coarse black hair. Although his female colleagues insisted the gray only accentuated his bookish appeal, Langdon knew better.

If Boston Magazine could see me now.

Last month, much to Langdon's embarrassment, Boston Magazine had listed him as one of that city's top ten most intriguing people—a dubious honor that made him the brunt of endless ribbing by his Harvard colleagues. Tonight, three thousand miles from home, the accolade had resurfaced to haunt him at the lecture he had given.

"Ladies and gentlemen..." the hostess had announced to a full house at the American University of Paris's Pavilion Dauphine, "Our guest tonight needs no introduction. He is the author of numerous books: The Symbology of Secret Sects, The An of the Illuminati, The Lost Language of Ideograms, and when I say he wrote the book on Religious Iconology, I mean that quite literally. Many of you use his textbooks in class."

The students in the crowd nodded enthusiastically.

"I had planned to introduce him tonight by sharing his impressive curriculum vitae.

However..." She glanced playfully at Langdon, who was seated onstage. "An audience member has just handed me a far more, shall we say... intriguing introduction."

She held up a copy of Boston Magazine.

Langdon cringed. Where the hell did she get that?

The hostess began reading choice excerpts from the inane article, and Langdon felt himself sinking lower and lower in his chair. Thirty seconds later, the crowd was grinning, and the woman showed no signs of letting up. "And Mr. Langdon's refusal to speak publicly about his unusual role in last year's Vatican conclave certainly wins him points on our intrigue-o-meter." The hostess goaded the crowd. "Would you like to hear more?"

The crowd applauded.

Somebody stop her, Langdon pleaded as she dove into the article again.

"Although Professor Langdon might not be considered hunk-handsome like some of our younger awardees, this forty-something academic has more than his share of scholarly allure. His captivating presence is punctuated by an unusually low, baritone speaking voice, which his female students describe as 'chocolate for the ears.' "

The hall erupted in laughter.

Langdon forced an awkward smile. He knew what came next—some ridiculous line about "Harrison Ford in Harris tweed"—and because this evening he had figured it was finally safe again to wear his Harris tweed and Burberry turtleneck, he decided to take action.

"Thank you, Monique," Langdon said, standing prematurely and edging her away from the podium. "Boston Magazine clearly has a gift for fiction." He turned to the audience with an embarrassed sigh. "And if I find which one of you provided that article, I'll have the consulate deport you."

The crowd laughed.

"Well, folks, as you all know, I'm here tonight to talk about the power of symbols.

The ringing of Langdon's hotel phone once again broke the silence.

Groaning in disbelief, he picked up. "Yes?"

As expected, it was the concierge. "Mr. Langdon, again my apologies. I am calling to inform you that your guest is now en route to your room. I thought I should alert you."

Langdon was wide awake now. "You sent someone to my room?"

"I apologize, monsieur, but a man like this... I cannot presume the authority to stop him."

"Who exactly is he?"

But the concierge was gone.

Almost immediately, a heavy fist pounded on Langdon's door.

Uncertain, Langdon slid off the bed, feeling his toes sink deep into the savonniere carpet. He donned the hotel bathrobe and moved toward the door. "Who is it?"

"Mr. Langdon? I need to speak with you." The man's English was accented—a sharp, authoritative bark. "My name is Lieutenant Jerome Collet. Direction Centrale Police Judiciaire."

Langdon paused. The Judicial Police? The DCPJ was the rough equivalent of the U.S. FBI.

Leaving the security chain in place, Langdon opened the door a few inches. The face staring back at him was thin and washed out. The man was exceptionally lean, dressed in an official-looking blue uniform.

"May I come in?" the agent asked.

Langdon hesitated, feeling uncertain as the stranger's sallow eyes studied him. "What is this all about?"

"My capitaine requires your expertise in a private matter."

"Now?" Langdon managed. "It's after midnight."

"Am I correct that you were scheduled to meet with the curator of the Louvre this evening?"

Langdon felt a sudden surge of uneasiness. He and the revered curator Jacques Saunière had been slated to meet for drinks after Langdon's lecture tonight, but Saunière had never shown up. "Yes. How did you know that?"

"We found your name in his daily planner."

"I trust nothing is wrong?"

The agent gave a dire sigh and slid a Polaroid snapshot through the narrow opening in the door.

When Langdon saw the photo, his entire body went rigid.

"This photo was taken less than an hour ago. Inside the Louvre."

As Langdon stared at the bizarre image, his initial revulsion and shock gave way to a sudden upwelling of anger. "Who would do this!"

"We had hoped that you might help us answer that very question, considering your knowledge in symbology and your plans to meet with him."

Langdon stared at the picture, his horror now laced with fear. The image was gruesome and profoundly strange, bringing with it an unsettling sense of déjà vu. A little over a year ago, Langdon had received a photograph of a corpse and a similar request for help. Twenty-four hours later, he had almost lost his life inside Vatican City. This photo was entirely different, and yet something about the scenario felt disquietingly familiar.

The agent checked his watch. "My capitaine is waiting, sir."

Langdon barely heard him. His eyes were still riveted on the picture. "This symbol here, and the

way his body is so oddly..."

"Positioned?" the agent offered.

Langdon nodded, feeling a chill as he looked up. "I can't imagine who would do this to someone."

CHAPTER 2

One mile away, the hulking albino named Silas limped through the front gate of the luxurious brownstone residence on Rue La Bruyère. The spiked cilice belt that he wore around his thigh cut into his flesh, and yet his soul sang with satisfaction of service to the Lord.

Pain is good.

His red eyes scanned the lobby as he entered the residence. Empty. He climbed the stairs quietly, not wanting to awaken any of his fellow numeraries. His bedroom door was open; locks were forbidden here. He entered, closing the door behind him.

The room was spartan—hardwood floors, a pine dresser, a canvas mat in the corner that served as his bed. He was a visitor here this week, and yet for many years he had been blessed with a similar sanctuary in New York City.

The Lord has provided me shelter and purpose in my life.

Tonight, at last, Silas felt he had begun to repay his debt. Hurrying to the dresser, he found the cell phone hidden in his bottom drawer and placed a call.

There was a momentary pause, as if for prayer. "Then I assume you have the information?"

"All four concurred. Independently."

"And you believed them?"

"Their agreement was too great for coincidence."

An excited breath. "Excellent. I had feared the brotherhood's reputation for secrecy might prevail."

"The prospect of death is strong motivation."

"So, my pupil, tell me what I must know."

Silas knew the information he had gleaned from his victims would come as a shock.

"Teacher, all four confirmed the existence of the clef de voûte... the legendary keystone."

He heard a quick intake of breath over the phone and could feel the Teacher's excitement. "The keystone. Exactly as we suspected."

According to lore, the brotherhood had created a map of stone—a clef de voûte... or keystone—an engraved tablet that revealed the final resting place of the brotherhood's greatest secret...

information so powerful that its protection was the reason for the brotherhood's very existence. "When we possess the keystone," the Teacher said, "we will be only one step away."

"We are closer than you think. The keystone is here in Paris."

"Paris? Incredible. It is almost too easy."

Silas relayed the earlier events of the evening... how all four of his victims, moments before death, had desperately tried to buy back their godless lives by telling their secret. Each had told Silas the exact same thing—that the keystone was ingeniously hidden at a precise location inside one of Paris's ancient churches—the Eglise de Saint-Sulpice. "Inside a house of the Lord," the Teacher exclaimed. "How they mock us!" "As they have for centuries."

The Teacher fell silent, as if letting the triumph of this moment settle over him. Finally, he spoke. "You have done a great service to God. We have waited centuries for this. You must retrieve the stone for me. Immediately. Tonight. You understand the stakes." Silas knew the stakes were incalculable, and yet what the Teacher was now commanding seemed impossible. "But the church, it is a fortress. Especially at night. How will I enter?"

With the confident tone of a man of enormous influence, the Teacher explained what was to be done.

When Silas hung up the phone, his skin tingled with anticipation.

One hour, he told himself, grateful that the Teacher had given him time to carry out the necessary penance before entering a house of God. I must purge my soul of today's sins. The sins committed today had been holy in purpose. Acts of war against the enemies of God had been committed for centuries. Forgiveness was assured.

Even so, Silas knew, absolution required sacrifice.

Pulling his shades, he stripped naked and knelt in the center of his room. Looking down, he examined the spiked cilice belt clamped around his thigh. All true followers of The Way wore this device—a leather strap, studded with sharp metal barbs that cut into the flesh as a perpetual reminder of Christ's suffering. The pain caused by the device also helped counteract the desires of the flesh.

Although Silas already had worn his cilice today longer than the requisite two hours, he knew today was no ordinary day. Grasping the buckle, he cinched it one notch tighter, wincing as the barbs dug deeper into his flesh. Exhaling slowly, he savored the cleansing ritual of his pain.

Pain is good, Silas whispered, repeating the sacred mantra of Father Josemaría Escrivá—the Teacher of all Teachers. Although Escrivá had died in 1975, his wisdom lived on, his words still whispered by thousands of faithful servants around the globe as they knelt on the floor and performed the sacred practice known as "corporal mortification."

Silas turned his attention now to a heavy knotted rope coiled neatly on the floor beside him. The Discipline. The knots were caked with dried blood. Eager for the purifying effects of his own agony, Silas said a quick prayer. Then, gripping one end of the rope, he closed his eyes and swung it hard over his shoulder, feeling the knots slap against his back. He whipped it over his shoulder again, slashing at his flesh. Again and again, he lashed.

Castigo corpus meum.

Finally, he felt the blood begin to flow.

CHAPTER 3

The crisp April air whipped through the open window of the Citroën ZX as it skimmed south past the Opera House and crossed Place Vendôme. In the passenger seat, Robert Langdon felt the city tear past him as he tried to clear his thoughts. His quick shower and shave had left him looking reasonably presentable but had done little to ease his anxiety. The frightening image of the curator's body remained locked in his mind.

Jacques Saunière is dead.

Langdon could not help but feel a deep sense of loss at the curator's death. Despite Saunière's reputation for being reclusive, his recognition for dedication to the arts made him an easy man to revere. His books on the secret codes hidden in the paintings of Poussin and Teniers were some of Langdon's favorite classroom texts. Tonight's meeting had been one Langdon was very much looking forward to, and he was disappointed when the curator had not shown.

Again the image of the curator's body flashed in his mind. Jacques Saunière did that to himself? Langdon turned and looked out the window, forcing the picture from his mind. Outside, the city was just now winding down—street vendors wheeling carts of candied amandes, waiters carrying bags of garbage to the curb, a pair of late night lovers cuddling to stay warm in a

breeze scented with jasmine blossom. The Citroën navigated the chaos with authority, its dissonant two-tone siren parting the traffic like a knife.

"Le capitaine was pleased to discover you were still in Paris tonight," the agent said, speaking for the first time since they'd left the hotel. "A fortunate coincidence." Langdon was feeling anything but fortunate, and coincidence was a concept he did not entirely trust. As someone who had spent his life exploring the hidden interconnectivity of disparate emblems and ideologies, Langdon viewed the world as a web of profoundly intertwined histories and events. The connections may be invisible, he often preached to his symbology classes at Harvard, but they are always there, buried just beneath the surface.

"I assume," Langdon said, "that the American University of Paris told you where I was staying?"

The driver shook his head. "Interpol."

Interpol, Langdon thought. Of course. He had forgotten that the seemingly innocuous request of all European hotels to see a passport at check-in was more than a quaint formality—it was the law. On any given night, all across Europe, Interpol officials could pinpoint exactly who was sleeping where. Finding Langdon at the Ritz had probably taken all of five seconds.

As the Citroën accelerated southward across the city, the illuminated profile of the Eiffel Tower appeared, shooting skyward in the distance to the right. Seeing it, Langdon thought of Vittoria, recalling their playful promise a year ago that every six months they would meet again at a different romantic spot on the globe. The Eiffel Tower, Langdon suspected, would have made their list. Sadly, he last kissed Vittoria in a noisy airport in Rome more than a year ago.

"Did you mount her?" the agent asked, looking over.

Langdon glanced up, certain he had misunderstood. "I beg your pardon?"

"She is lovely, no?" The agent motioned through the windshield toward the Eiffel Tower.

"Have you mounted her?"

Langdon rolled his eyes. "No, I haven't climbed the tower." "She is the symbol of France. I think she is perfect."

Langdon nodded absently. Symbologists often remarked that France—a country renowned for machismo, womanizing, and diminutive insecure leaders like Napoleon and Pepin the Short—could not have chosen a more apt national emblem than a thousand-foot phallus.

When they reached the intersection at Rue de Rivoli, the traffic light was red, but the Citroën didn't

slow. The agent gunned the sedan across the junction and sped onto a wooded section of Rue Castiglione, which served as the northern entrance to the famed Tuileries Gardens—Paris's own version of Central Park. Most tourists mistranslated Jardins des Tuileries as relating to the thousands of tulips that bloomed here, but Tuileries was actually a literal reference to something far less romantic. This park had once been an enormous, polluted excavation pit from which Parisian contractors mined clay to manufacture the city's famous red roofing tiles—or tuiles.

As they entered the deserted park, the agent reached under the dash and turned off the blaring siren. Langdon exhaled, savoring the sudden quiet. Outside the car, the pale wash of halogen headlights skimmed over the crushed gravel parkway, the rugged whir of the tires intoning a hypnotic rhythm. Langdon had always considered the Tuileries to be sacred ground. These were the gardens in which Claude Monet had experimented with form and color, and literally inspired the birth of the Impressionist movement.

Tonight, however, this place held a strange aura of foreboding.

The Citroën swerved left now, angling west down the park's central boulevard. Curling around a circular pond, the driver cut across a desolate avenue out into a wide quadrangle beyond. Langdon could now see the end of the Tuileries Gardens, marked by a giant stone archway.

Arc du Carrousel.

Despite the orgiastic rituals once held at the Arc du Carrousel, art aficionados revered this place for another reason entirely. From the esplanade at the end of the Tuileries, four of the finest art museums in the world could be seen... one at each point of the compass.

Out the right-hand window, south across the Seine and Quai Voltaire, Langdon could see the dramatically lit facade of the old train station—now the esteemed Musée d'Orsay. Glancing left, he could make out the top of the ultramodern Pompidou Center, which housed the Museum of Modern Art. Behind him to the west, Langdon knew the ancient obelisk of Ramses rose above the trees, marking the Musée du Jeu de Paume. But it was straight ahead, to the east, through the archway, that Langdon could now see the monolithic Renaissance palace that had become the most famous art museum in the world.

Musée du Louvre.

Langdon felt a familiar tinge of wonder as his eyes made a futile attempt to absorb the entire mass of the edifice. Across a staggeringly expansive plaza, the imposing facade of the Louvre rose like a citadel against the Paris sky.

Shaped like an enormous horseshoe, the Louvre was the longest building in Europe, stretching farther than three Eiffel Towers laid end to end. Not even the million square feet of open plaza between the museum wings could challenge the majesty of the facade's breadth. Langdon had once walked the Louvre's entire perimeter, an astonishing three-mile journey.

Despite the estimated five days it would take a visitor to properly appreciate the 65,300 pieces of art in this building, most tourists chose an abbreviated experience Langdon referred to as "Louvre Lite"—a full sprint through the museum to see the three most famous objects: the Mona Lisa, Venus de Milo, and Winged Victory. Art Buchwald had once boasted he'd seen all three masterpieces in five minutes and fifty-six seconds.

The driver pulled out a handheld walkie-talkie and spoke in rapid-fire French. "Monsieur Langdon est arrivé. Deux minutes."

An indecipherable confirmation came crackling back.

The agent stowed the device, turning now to Langdon. "You will meet the capitaine at the main entrance."

The driver ignored the signs prohibiting auto traffic on the plaza, revved the engine, and gunned the Citroën up over the curb. The Louvre's main entrance was visible now, rising boldly in the distance, encircled by seven triangular pools from which spouted illuminated fountains.

La Pyramide.

The new entrance to the Paris Louvre had become almost as famous as the museum itself. The controversial, neomodern glass pyramid designed by Chinese-born American architect I. M. Pei

still evoked scorn from traditionalists who felt it destroyed the dignity of the Renaissance courtyard. Goethe had described architecture as frozen music, and Pei's critics described this pyramid as fingernails on a chalkboard.

Progressive admirers, though, hailed Pei's seventy-one-foot- tall transparent pyramid as a dazzling synergy of ancient structure and modern method—a symbolic link between the old and new—helping usher the Louvre into the next millennium. "Do you like our pyramid?" the agent asked.

Langdon frowned. The French, it seemed, loved to ask Americans this. It was a loaded question, of course. Admitting you liked the pyramid made you a tasteless American, and expressing dislike was an insult to the French.

"Mitterrand was a bold man," Langdon replied, splitting the difference. The late French president who had commissioned the pyramid was said to have suffered from a "Pharaoh complex." Singlehandedly responsible for filling Paris with Egyptian obelisks, art, and artifacts.

François Mitterrand had an affinity for Egyptian culture that was so all-consuming that the French still referred to him as the Sphinx.

"What is the captain's name?" Langdon asked, changing topics.

"Bezu Fache," the driver said, approaching the pyramid's main entrance. "We call him le Taureau." Langdon glanced over at him, wondering if every Frenchman had a mysterious animal epithet.

"You call your captain the Bull?"

The man arched his eyebrows. "Your French is better than you admit, Monsieur Langdon."

My French stinks, Langdon thought, but my zodiac iconography is pretty good. Taurus was always the bull. Astrology was a symbolic constant all over the world.

The agent pulled the car to a stop and pointed between two fountains to a large door in the side of the pyramid. "There is the entrance. Good luck, monsieur."

"You're not coming?"

"My orders are to leave you here. I have other business to attend to." Langdon heaved a sigh and climbed out. It's your circus.

Anonymous ID:wCOM2U9Z Sat 13 May 2017 02:37:05 No.125296411 Report

The agent revved his engine and sped off.

As Langdon stood alone and watched the departing taillights, he realized he could easily reconsider, exit the courtyard, grab a taxi, and head home to bed. Something told him it was probably a lousy idea.

As he moved toward the mist of the fountains, Langdon had the uneasy sense he was crossing an imaginary threshold into another world. The dreamlike quality of the evening

was settling around him again. Twenty minutes ago he had been asleep in his hotel room. Now he was standing in front of a transparent pyramid built by the Sphinx, waiting for a policeman they called the Bull.

I'm trapped in a Salvador Dali painting, he thought.

Langdon strode to the main entrance—an enormous revolving door. The foyer beyond was dimly

lit and deserted.

Do I knock?

Langdon wondered if any of Harvard's revered Egyptologists had ever knocked on the front door of a pyramid and expected an answer. He raised his hand to bang on the glass, but out of the darkness below, a figure appeared, striding up the curving staircase. The man was stocky and dark, almost Neanderthal, dressed in a dark double-breasted suit that strained to cover his wide shoulders. He advanced with unmistakable authority on squat, powerful legs. He was speaking on his cell phone but finished the call as he arrived. He motioned for Langdon to enter.

"I am Bezu Fache," he announced as Langdon pushed through the revolving door.

"Captain of the Central Directorate Judicial Police." His tone was fitting—a guttural rumble... like a gathering storm.

Langdon held out his hand to shake. "Robert Langdon."

Fache's enormous palm wrapped around Langdon's with crushing force.

"I saw the photo," Langdon said. "Your agent said Jacques Saunière himself did—"

"Mr. Langdon," Fache's ebony eyes locked on. "What you see in the photo is only the beginning of what Saunière did."

CHAPTER 4

Captain Bezu Fache carried himself like an angry ox, with his wide shoulders thrown back and his chin tucked hard into his chest. His dark hair was slicked back with oil,

accentuating an arrow-like widow's peak that divided his jutting brow and preceded him like the prow of a battleship. As he advanced, his dark eyes seemed to scorch the earth before him, radiating a fiery clarity that forecast his reputation for unblinking severity in all matters.

Langdon followed the captain down the famous marble staircase into the sunken atrium beneath the glass pyramid. As they descended, they passed between two armed Judicial Police guards with machine guns. The message was clear: Nobody goes in or out tonight without the blessing of Captain Fache.

Descending below ground level, Langdon fought a rising trepidation. Fache's presence was anything but welcoming, and the Louvre itself had an almost sepulchral aura at this hour. The staircase, like the aisle of a dark movie theater, was illuminated by subtle tread-lighting embedded in each step. Langdon could hear his own footsteps reverberating off the glass overhead. As he glanced up, he could see the faint illuminated wisps of mist from the fountains fading away outside the transparent roof.

"Do you approve?" Fache asked, nodding upward with his broad chin.

Langdon sighed, too tired to play games. "Yes, your pyramid is magnificent."

Fache grunted. "A scar on the face of Paris."

Strike one. Langdon sensed his host was a hard man to please. He wondered if Fache had any idea

that this pyramid, at President Mitterrand's explicit demand, had been constructed of exactly 666 panes of glass—a bizarre request that had always been a hot topic among conspiracy buffs who claimed 666 was the number of Satan.

Langdon decided not to bring it up.

As they dropped farther into the subterranean foyer, the yawning space slowly emerged from the shadows. Built fifty-seven feet beneath ground level, the Louvre's newly constructed 70,000-square-foot lobby spread out like an endless grotto. Constructed in warm ocher marble to be compatible with the honey-colored stone of the Louvre facade above, the subterranean hall was usually vibrant with sunlight and tourists. Tonight, however, the lobby was barren and dark, giving the entire space a cold and crypt-like atmosphere.

"And the museum's regular security staff?" Langdon asked.

"En quarantaine," Fache replied, sounding as if Langdon were questioning the integrity of Fache's team. "Obviously, someone gained entry tonight who should not have. All Louvre night wardens are in the Sully Wing being questioned. My own agents have taken over museum security for the evening."

Langdon nodded, moving quickly to keep pace with Fache.

"How well did you know Jacques Saunière?" the captain asked.

"Actually, not at all. We'd never met."

Fache looked surprised. "Your first meeting was to be tonight?"

"Yes. We'd planned to meet at the American University reception following my lecture, but he never showed up."

Fache scribbled some notes in a little book. As they walked, Langdon caught a glimpse of the Louvre's lesser-known pyramid—La Pyramide Inversée—a huge inverted skylight that hung from the ceiling like a stalactite in an adjoining section of the entresol. Fache guided Langdon up a short set of stairs to the mouth of an arched tunnel, over which a sign read: DENON. The Denon Wing was the most famous of the Louvre's three main sections.

"Who requested tonight's meeting?" Fache asked suddenly. "You or he?"

The question seemed odd. "Mr. Saunière did," Langdon replied as they entered the tunnel. "His secretary contacted me a few weeks ago via e-mail. She said the curator had heard I would be lecturing in Paris this month and wanted to discuss something with me while I was here."

"Discuss what?"

"I don't know. Art, I imagine. We share similar interests."

Fache looked skeptical. "You have no idea what your meeting was about?"

Langdon did not. He'd been curious at the time but had not felt comfortable demanding specifics. The venerated Jacques Saunière had a renowned penchant for privacy and granted very few meetings; Langdon was grateful simply for the opportunity to meet him.

"Mr. Langdon, can you at least guess what our murder victim might have wanted to discuss with you on the night he was killed? It might be helpful."

The pointedness of the question made Langdon uncomfortable. "I really can't imagine. I didn't ask. I felt honored to have been contacted at all. I'm an admirer of Mr. Saunière's work. I use his texts often in my classes."

Fache made note of that fact in his book.

The two men were now halfway up the Denon Wing's entry tunnel, and Langdon could see the twin ascending escalators at the far end, both motionless.

"So you shared interests with him?" Fache asked.

"Yes. In fact, I've spent much of the last year writing the draft for a book that deals with Mr. Saunière's primary area of expertise. I was looking forward to picking his brain."

Fache glanced up. "Pardon?"

The idiom apparently didn't translate. "I was looking forward to learning his thoughts on the topic." "I see. And what is the topic?"

Langdon hesitated, uncertain exactly how to put it. "Essentially, the manuscript is about the iconography of goddess worship—the concept of female sanctity and the art and symbols associated with it."

Fache ran a meaty hand across his hair. "And Saunière was knowledgeable about this?" "Nobody more so."

"I see."

Langdon sensed Fache did not see at all. Jacques Saunière was considered the premiere goddess iconographer on earth. Not only did Saunière have a personal passion for relics relating to fertility, goddess cults, Wicca, and the sacred feminine, but during his twenty-year tenure as curator, Saunière had helped the Louvre amass the largest collection of goddess art on earth—labrys axes from the priestesses' oldest Greek shrine in Delphi, gold caducei wands, hundreds of Tjet ankhs resembling small standing angels, sistrum rattles used in ancient Egypt to dispel evil spirits, and an astonishing array of statues depicting Horus being nursed by the goddess Isis.

"Perhaps Jacques Saunière knew of your manuscript?" Fache offered. "And he called the meeting to offer his help on your book."

Langdon shook his head. "Actually, nobody yet knows about my manuscript. It's still in draft form, and I haven't shown it to anyone except my editor."

Fache fell silent.

Langdon did not add the reason he hadn't yet shown the manuscript to anyone else.

The three- hundred-page draft—tentatively titled Symbols of the Lost Sacred Feminine—proposed some very unconventional interpretations of established religious iconography which would certainly be controversial.

Now, as Langdon approached the stationary escalators, he paused, realizing Fache was no longer beside him. Turning, Langdon saw Fache standing several yards back at a service elevator.

"We'll take the elevator," Fache said as the lift doors opened. "As I'm sure you're aware, the gallery is quite a distance on foot."

Although Langdon knew the elevator would expedite the long, two-story climb to the Denon Wing, he remained motionless.

"Is something wrong?" Fache was holding the door, looking impatient.

Langdon exhaled, turning a longing glance back up the open-air escalator. Nothing's wrong at all, he lied to himself, trudging back toward the elevator. As a boy, Langdon had fallen down an abandoned well shaft and almost died treading water in the narrow space for hours before being rescued. Since then, he'd suffered a haunting phobia of enclosed spaces—elevators, subways, squash courts. The elevator is a perfectly safe machine, Langdon continually told himself, never believing it. It's a tiny metal box hanging in an enclosed shaft! Holding his breath, he stepped into the lift, feeling the familiar tingle of adrenaline as the doors slid shut. Two floors. Ten seconds.

"You and Mr. Saunière," Fache said as the lift began to move, "you never spoke at all? Never corresponded? Never sent each other anything in the mail?"

Another odd question. Langdon shook his head. "No. Never." Fache cocked his head, as if making a mental note of that fact. Saying nothing, he stared dead ahead at the chrome doors.

As they ascended, Langdon tried to focus on anything other than the four walls around him. In the reflection of the shiny elevator door, he saw the captain's tie clip—a silver crucifix with thirteen embedded pieces of black onyx. Langdon found it vaguely surprising. The symbol was known as a *crux gemmata*—a cross bearing thirteen gems—a Christian ideogram for Christ and His twelve apostles.

Langdon stepped quickly out into the hallway, eager for the wide-open space afforded by the famous high ceilings of the Louvre galleries. The world into which he stepped, however, was nothing like he expected.

Surprised, Langdon stopped short.

Fache glanced over. "I gather, Mr. Langdon, you have never seen the Louvre after hours?" I guess not, Langdon thought, trying to get his bearings.

Usually impeccably illuminated, the Louvre galleries were startlingly dark tonight. Instead of the customary flat-white light flowing down from above, a muted red glow seemed to emanate upward from the baseboards—intermittent patches of red light spilling out onto the tile floors.

As Langdon gazed down the murky corridor, he realized he should have anticipated this scene. Virtually all major galleries employed red service lighting at night—strategically placed, low-level, noninvasive lights that enabled staff members to navigate hallways and yet kept the paintings in relative darkness to slow the fading effects of overexposure to light. Tonight, the museum possessed an almost oppressive quality. Long shadows encroached everywhere, and the usually soaring vaulted ceilings appeared as a low, black void.

"This way," Fache said, turning sharply right and setting out through a series of interconnected galleries.

Langdon followed, his vision slowly adjusting to the dark. All around, large-format oils began to materialize like photos developing before him in an enormous darkroom... their eyes following as

he moved through the rooms.

2. Is there a globalist "community" in which people work and communicate freely about various project with each other ?
3. Are social engineers and globalists linked together ? Is it the same networks ? Or completely separate worlds ?
4. Could you elaborate about the parallel globalist economy ? Do they have central banks ? What money do they use ?
5. Is there a term for people higher on the food chain than globalists ? What is the biggest chessboard so to speak ?

he moved through the rooms. He could taste the familiar tang of museum air—an arid, deionized essence that carried a faint hint of carbon—the product of industrial, coal-filter dehumidifiers that ran around the clock to counteract the corrosive carbon dioxide exhaled by visitors.

Mounted high on the walls, the visible security cameras sent a clear message to visitors: We see you. Do not touch anything.

"Any of them real?" Langdon asked, motioning to the cameras. Fache shook his head.

"Of course not."

Langdon was not surprised. Video surveillance in museums this size was cost-prohibitive and ineffective. With acres of galleries to watch over, the Louvre would require several hundred technicians simply to monitor the feeds. Most large museums now used "containment security." Forget keeping thieves out. Keep them in.

Containment was activated after hours, and if an intruder removed a piece of artwork, compartmentalized exits would seal around that gallery, and the thief would find himself behind bars even before the police arrived.

The sound of voices echoed down the marble corridor up ahead. The noise seemed to be coming from a large recessed alcove that lay ahead on the right. A bright light spilled out into the hallway.

"Office of the curator," the captain said.

As he and Fache drew nearer the alcove, Langdon peered down a short hallway, into Saunière's luxurious study—warm wood, Old Master paintings, and an enormous antique desk on which stood a two-foot-tall model of a knight in full armor. A handful of police agents bustled about the room, talking on phones and taking notes. One of them

was seated at Saunière's desk, typing into a laptop. Apparently, the curator's private office had become DCPJ's makeshift command post for the evening.

"Messieurs," Fache called out, and the men turned. "Ne nous dérangez pas sous aucun prétexte. Entendu?"

Everyone inside the office nodded their understanding.

As they approached, Langdon saw the entrance was blocked by an enormous steel grate that looked like something used by medieval castles to keep out marauding armies.

"Containment security," Fache said, as they neared the grate.

Even in the darkness, the barricade looked like it could have restrained a tank. Arriving outside,

Langdon peered through the bars into the dimly lit caverns of the Grand Gallery. "After you, Mr. Langdon," Fache said.

Langdon turned. After me, where?

Fache motioned toward the floor at the base of the grate.

Langdon looked down. In the darkness, he hadn't noticed. The barricade was raised about two feet, providing an awkward clearance underneath.

"This area is still off limits to Louvre security," Fache said. "My team from Police Technique et Scientifique has just finished their investigation." He motioned to the opening. "Please slide under."

Langdon stared at the narrow crawl space at his feet and then up at the massive iron grate. He's kidding, right? The barricade looked like a guillotine waiting to crush intruders.

Fache grumbled something in French and checked his watch. Then he dropped to his knees and slithered his bulky frame underneath the grate. On the other side, he stood up and looked back through the bars at Langdon.

Langdon sighed. Placing his palms flat on the polished parquet, he lay on his stomach and pulled himself forward. As he slid underneath, the nape of his Harris tweed

snagged on the bottom of the grate, and he cracked the back of his head on the iron. Very suave, Robert, he thought, fumbling and then finally pulling himself through. As he stood up, Langdon was beginning to suspect it was going to be a very long night.

If you had in your control, a system such as Echelon, that scours the internet, phones, etc, and collects every bit of 'data'.. how easy would it be to write code that cross references every bit of knowledge, every bit of belief and every bit of physical law and in return, have a super computer that in itself, learns from everything it records?

[The image is a close-up of a character's face, featuring a young woman with dark hair and striking green eyes. Her expression is one of concern or surprise, indicated by her wide eyes and slightly furrowed brow. The character's skin tone is light, and she has a pinkish-red blush on her cheeks. The background is a solid green color, which contrasts with the character's skin tone and hair color. In the top right corner of the image, there is a question mark symbol, suggesting that the image may be related to a question or a statement. The style of the image is reminiscent of anime or manga, with its exaggerated facial features and vibrant colors.]

Just fell out of the WTC thread. A lot of interesting information was shared. I remember that day clearly, and, the early pictures of the Pentagon showed no plane wreckage. I remember thinking that it looked more like a missile strike, or, bomb. Coincidental the area of the pentagon which was destroyed. Further was the plane that didnt make to its intended target. I want to assume that particular plane was meant for the pentagon. Just listened to the Scott DeCarlos interview.

The point of all this circles round to your current thread theme. What, if any, symbols marked 9/11?

Astrology seems to be one significant sign. It is important for satanic rituals. 9/11 was pertinent, among other oncidences and acts, one of signifance.

In 1683, muzzies were held and thrown back at the gates of Vienna.

Now, 17 years later they are pouring in and choking the current populations in the western world: perpetrating heinous acts of evil and debauchery that are not prosecuted or stopped.

Keep up the good work anon 5

[The image is a political cartoon with a black background and white text. At the top, the text reads "WHO ARE THE JEWS?" in large white letters. Below this, there is a list of accusations against Jews, which includes "We invented Communism," "We are behind radical feminism," "We are behind multiculturalism," "We are behind one world government," "We are the divider and conqueror," "We are the military industrial complex," "We are the nuclear state," "We are the terrorist," "We are the re-writer of history to my advantage," "We are the central banking and big corporate money, not the people," "We are the oppressor, yet always the eternal radical," "We are AIPAC, NARAL, ACLU, NACCP," and "We are the eternal radical." In the bottom right corner, there is a cartoon image of a man with a beard and a mustache, wearing a blue shirt and a black hat. He has a surprised expression and is making a hand gesture with his right hand, as if he is shouting or expressing surprise. The man's facial features are exaggerated, and his eyes are wide open. The overall style of the image is satirical and political, with a focus on the negative stereotypes and accusations against Jews. The

use of bold text and the cartoon-like image of the man with the exaggerated facial features contribute to the humorous and confrontational tone of the image.]

[The image shows a white marble sculpture of a muscular male figure in a dynamic pose. The figure appears to be in the midst of a powerful action, with one arm raised high and the other arm extended downward, clutching a large, flowing cloak that drapes over the figure's body. The sculpture is set against a dark background, which contrasts with the white marble, highlighting the figure's form and the intricate details of the sculpture. The style of the image is a close-up photograph, focusing on the sculpture's details and the play of light and shadow. There are no visible texts or discernible brands in the image. The photograph is taken from a slightly angled perspective, which adds to the sense of movement and energy in the sculpture.]

1. It seems like the ones who were behind the Joint Colonization could be described as sheppards.

2. Are we spliced from their DNA or are we entirely different from them?
3. Would we be all be more racially similar had earth not been joint colonized and we were a purely natural happening?
4. Could inducing anxiety or a genuine fear of what's to come through subliminal messaging be used in our favor? It always seems that those who aren't trapped in their own bubble of complacency are the ones who tend to give a damn. Thus is trying to burst that bubble a legitimate tactic? Attacking the media outputs that keep people subdued also seems viable.
5. If you tallied up all of the people who have been killed by unnatural causes, which race would it be?
6. Should we focus on red pilling introverts or extroverts more? Seems like introverts are more apt to the red pill. Should we just focus on helping anyone in general without any special focus?

7. For effeminate lesbians and female bisexuals, could you red pill and get them to realize that they would prefer men had it not been for hypersexualization? Some of them I wager aren't really into it as much as they think they are. Or is sexuality pretty much determined for them during their teens and early adulthood?

[The image is a sepia-toned illustration that depicts a scene of religious or spiritual significance. At the center, there is a large, radiant sun with rays emanating from it, creating a halo effect. Surrounding the sun are numerous angels, some of whom are standing and others appear to be in motion, as if they are flying or dancing around the sun. The angels are depicted in a variety of poses, with some appearing to be in a state of contemplation or prayer. The background is filled with swirling clouds and stars, adding to the ethereal and mystical atmosphere of the scene. The style of the illustration is reminiscent of early 20th-century art, with a focus on detailed linework and a sense of movement. The overall mood of the image is one of awe and reverence, as it conveys a sense of divine presence and spiritual connection.]

2. So the story of Adam and Eve were people with ancient knowledge blatantly conveying to us that women are the reason we can't have nice things?

3. Thus, western men need to speak softly to women, but keep a firm grip on them at the same time?

4. As women are reactionary by nature, we just have to make feminism be something with little to no value for them?

For many different reasons Globalists and other groups use Symbols/Symbolism. The purpose & interpretation of them can vary, so can what is used for/as the Symbols.

Here are some of the reasons why they use/do it:

1) [Communication]

(To the group itself, other groups & the portions of the public that are Aware/"in the know". This is also used in MSM/Media/Entertainment/Pop Culture & even in some Events)

2) [Territory]

(Current or former groups marking where they are/were and/or where they operate(d) out of.)

3) [Subliminal Messaging/Mind Control]

(Used as Psy-Op's against other groups, Indoctrination/Control of its Members & Brainwashing/Control of the Public)

4) ["Magic"]

(It's existed for a long before "Meme Magic" was figured out. The "Illuminati Card Game" is a example of this)

[The image depicts a surreal scene with a central pyramid-like structure that appears to be made of stone or concrete. The pyramid is illuminated by a bright, radiant light source that emanates from the top, creating a halo effect around the structure. The light source is surrounded by a swirling, colorful pattern that suggests a cosmic or magical atmosphere. Surrounding the pyramid are three smaller pyramids, each with a similar

design and color scheme. The background is a gradient of purple and pink hues, with a gradient of blue at the bottom, suggesting a twilight or dawn setting. The overall composition of the image conveys a sense of mystery and wonder, with the central pyramid being the focal point. There are no discernible texts or inscriptions within the image. The style of the image is digital art, with a focus on surreal and fantastical elements.]

I've read about how some social media logos(Twitter, Kikebook) induce hedonistic tendencies in people. I'm not sure if it's all people intrinsically or just their users. Could have to do with #3.

Everyone here knows about the "owl" already and how planned parenthood uses it on all their buildings.

Is that why the Illuminati card game is allowed to still be in release? Does it hold some sort of power by showing what the globalists want to do and putting it in the minds of everyone who sees/plays the game?

[The image displays a screenshot of a text message conversation. The conversation is between two individuals, as indicated by the presence of two separate lines of text. The conversation appears to be related to a topic of prophecy or a prediction, as suggested by the phrases "It will happen when the weather cools," "It will happen when they'll make their move," and "It will happen when the weather cools." The conversation is marked as "Anonymous ID" and has a timestamp of "3:22 AM" and a "board.io/chan.org" link. The conversation is in Chinese, and the text is in a language that is not English, which is evident from the presence of characters that are not alphabetic. The text is formatted in a way that suggests it is a conversation, with the sender and recipient names, and the date and time of the conversation. The content of the conversation is not fully visible in the image, but it appears to be a discussion about a prophecy or a prediction, as indicated by the phrases "It will happen when the weather cools," "It will happen when they'll make their move," and "It will happen when the weather cools." The conversation also includes references to "America," "older soil," "come to fruition," "They're trying to force God's hand," "Watch for these signs," and "Three branches will become one," among other phrases. The visual clues in the image, such as the text formatting and the presence of a timestamp, suggest that the conversation is a screenshot from a messaging application, possibly a text-based chat or a similar platform. The content of the conversation is not fully visible, but the visual clues indicate that it is a discussion about a prophecy or a prediction related to the weather and the actions of individuals or groups.]

Always appreciate your posts, thanks for taking the time to address a few questions.

1. With the [impending] destruction as the MSM as an influencing force, what will the alternatives be for brainwashing the masses?
2. Newspapers and media outlets seems to be fading from the sphere of influence in many people's lives, what's the globalist backup plan?
3. Should Israel be looked upon as a true ally or should they bring more cause for concern? We're so tightly influenced by Israel, I always wonder why.
4. Am I right in believing the Holocaust was largely overblown?

Thanks in advance; wishing you health and safety.

communication is the way in which individuals communicate with each other. They may have given phrases (think secret handshakes, except something that's more easily viewed in the public realm).

territory implies designating territory i believe. I was unsure about this one, so I just asked him.

subliminal messaging/mind control this one kinda goes hand in hand. He means there's symbolic ways which signify globalists that people will mind control people - it defines ways in which separate groups utilize different forms of subliminal messaging or mind control.

magic I think is easy because it basically just means things we don't know how to explain/prove with science.

Just building on a previous thread:

So you've said that white people have been around the longest, which would indicate that they've had the longest amount of time to develop cranial functions. We know that the Frontal Lobe and Frontal cortex, involved in decision making, logic, delayed gratification, etc take a lot of energy (the neurons require a lot of glucose), which is why you lose motivation and make worse decisions as your blood sugar drops.

So white people have the most efficient and developed Frontal parts of their brains, so we tend to be less impulsive/violent and more calculated, intelligent, and altruistic.

So I figured out how Obama took control of the police. Any ideas on how to prove that it was used? Also the police chief saved some pedophiles who raped an 11 year old girl.

https://en.wikipedia.org/wiki/Metropolitan_Police_Department_of_the_District_of_Columbia

>Under the District of Columbia Home Rule Act, whenever the President of the United States determines that special conditions of an emergency nature exist which require the use of the Metropolitan Police force for Federal purposes, he may direct the Mayor to provide him, and the Mayor shall provide, such services of the Metropolitan Police force for up to 48 hours. During longer periods of time, the President must provide to Congress in writing his reasons for continuing control of the MPD. This control can be extended at any time beyond 30 days if either the emergency continues or if Congress passes a law ordering it.

<https://ggwash.org/view/42273/dc-home-rule-almost-had-the-fbi-picking-the-police-chief>

>Before the Home Rule Act, Congress made all of DC's laws, and the executive branch ultimately reported to the President of the United States, as if DC were another agency of the federal government (basically, it was). But in 1973, Congress set up our current system of an elected mayor and council. Only they balked at giving DC full autonomy. View SameOCRGoogleiqdbSauceNAOTrace 1495169675334.png, 52KiB, 277x417

He won't give direct responses like that, man.

As he said, research these things. Some of them will alter your perceptions in specific ways. Once you understand the ways in which you will be affected, you can make conclusions as to which types of drugs will affect you in which ways.

For a primer, I'm under the assumption that drugs like ketamine, LSD, or MDMA are not the kind you want to look for, whereas psilocybin, cannabinoids, and DMT are the kinds you want to look in to. Take this with a grain of salt though.

[The image is a surrealistic painting that combines elements of classical art with modernist design. It features a large, abstract composition with a central black hole, surrounded by geometric shapes and patterns. The background is a warm,

orange-yellow color, with a red-tiled floor and a red-tiled wall. In the foreground, there are three figures: a man in a brown coat, a woman in a white dress, and a child in a red dress. They appear to be engaged in a conversation, with the man gesturing with his hands. The child is looking towards the man, and the woman is looking at the child. The painting is divided into two sections. The upper section shows a woman in a white dress, who is suspended in mid-air, with a black hole in the background. The lower section features a man in a brown coat, who is standing on a red-tiled floor, looking towards the woman in the white dress. The overall style of the painting is bold and dynamic, with a strong use of color and form.]

This LARPing fauckstick can't tell you JACK-FUCKING-SHIT except a bunch of vague non-answers that circularly refer back to (one of his older knowledge bomb thread... but YOU have to search them all... beccause he's WAY TOO BUSY dishing out all the elite Illuminati knowledge he's got!)

The reason the "Illuminati" Card Game from the early 90's had the pictures it did is because the people who were part of the whole Crew/Clique around Steve Jackson Games in that area of the pacific North West/ Nor.California,

The Artist and two designers were students of Robert Anton Wilson and almost all of them (can't speak for Steve since I only met him once at a party over a spliff)... but a whole mess of his friends were into the OTO and pseudo-Golden Dawn lodges of Western Hermetic studies and Tantra... and the Artist was a student of Peter Carrol and was obviously, huge into Chaos Magick.

It's not particularly surprising that folks of that sort would wind up scrying the actual future timelines while fucking around drawing and making a semi-popular card game.

That's pretty much the long and short of it.

2. Are all music artists apart of the social engineering program, or do the engineers choose specific artists to focus on at a time?

3. The arks that you've spoken of must have had pilots, correct? Wouldn't that mean that some of the humans that survived from the other planets and transferred to earth would have access to all of this secret knowledge? Is that what "bloodlines" are?

4. Would the ones above the globalists be better described as visionaries or keepers of knowledge, if either of those are close to describing them?

5. Are there globalists or people above them who's focus is to maintain a balance of good and evil in the world?

6. Are the ones whom are above the globalists have varied alignments? As in, are some genuinely good, others neutral, and some bat shit evil insane?

7. Are the mind control symbols ways for the globalists to make new mental associations for us with certain images that we encounter irl or something like that?

FUCK I'M LATE

In 1884, meridian time personnel met in Washington to change Earth time. First words said was that only 1 day could be used on Earth to not change the 1 day bible. So they applied the 1 day and ignored the other 3 days. The bible time was wrong then and it proved wrong today. This a major lie has so much evil feed from it's wrong. No man on Earth has no belly-button, it proves every believer on Earth a liar.

Children will be blessed for

Until you can tear and burn the bible to escape the EVIL ONE, it will be impossible for your educated stupid brain to know that 4 different corner harmonic 24 hour Days rotate simultaneously within a single 4 quadrant rotation of a squared equator and cubed Earth. The Solar system, the Universe, the Earth and all humans are composed of + 0 - antipodes, and equal to nothing if added as a ONE or Entity. All Creation occurs between Opposites. Academic ONEism destroys +0- brain.

If you would acknowledge simple existing math proof that 4 harmonic corner days rotate simultaneously around squared equator and cubed Earth, proving 4 Days, Not 1Day,1Self,1Earth or 1God that exists only as anti-side. This page you see - cannot exist without its anti-side existence, as +0- antipodes. Add +0- as One = nothing.

The traditional map is a fabrication to hide the earth's geometry as a cube

"Nothing on Earth more Evil

In fact, man is the only 1 Evil,
and will soon erase himself by
ignoring Cubic 4 Day Creation.
If a Man cannot tear a page

[The image is a black and white pixelated video game screenshot. It depicts a scene with a character standing on a platform, looking down at a car that is parked on the ground. The platform has a grid-like pattern, and the car is positioned to the right of the platform. The character appears to be observing the car, and there is a small window or hatch on the car's side. The background is a dark, possibly nighttime setting with a pattern of small squares. The style of the image is reminiscent of early video game graphics, with simple shapes and limited color palette. There are no discernible texts or additional elements in the image.]

They live, I'm assuming. I know it wasn't just for me, but thanks a ton. I think I've made it clear how much this has been bugging me.

1. So, are we discussing genetic preservation or technological preservation?

This is what I meant when I asked you if we were allowed to fail.

You have me imagining the tip of the pyramid being represented by the remaining whites, remaining blacks, and remaining asians. You have me thinking that they all have a vested interest in our survival, and therefore are fighting amongst each other to ensure that their own kind follow them into the future.

I understand that groups exist below them, and that's why I wanted to make certain you weren't referring to outside forces (you like to call them aliens, but I don't at all imagine the typical green martians people think of, this has always been represented by X for me). I'm curious to understand how exactly these groups are broken up and what motivates them.

2. Do the "aliens" (as you call them) interact with those at the tips? Or did you mean they watch as in they don't at all understand us and are trying to study us as if we could imagine finding another intelligent species and would elect to study them before we even consider making contact?

I apologize if this was a lot to throw at you at once.

MK-Ultra

The drugs aren't used to counter each other. You're missing the point. We're saying that
one drug can cause the SE to break, while some drugs can cause SE to be effective if
used in unison with a SE technique.

LSD makes you absurdly vulnerable. But, all I can do is speak from personal
experience.

Psilocybin will open your eyes in ways you couldn't imagine eyes opening while not under the influence of the drug.

They don't necessarily counter each other in that respect, but I'm considering the possibility that if one were MK'd they could potentially undo the SE by ingesting psilocybin.

Make no mistake, I'm no master - but I can guarantee you this is something I have a lot invested in, for whatever it's worth.

hey anon5. longtime reader of your posts. always excited to see one pop up.

quick question: time warner cable changing their name to spectrum here in the US -- is this all a part of (((their))) plan to call pretty much everything a spectrum? are (((they))) tattooing that word into everybody's brains now, in an attempt to normalize the gender/sexuality "spectrum"?

thanks again for your posts. i share them with my free-thinking friends.

[The image is a digital illustration featuring a character that resembles a stylized representation of a frog. The character has a green body with a yellow head and a black mouth. The eyes are large and round, with a black pupil in the center. The character's

hair is blonde and appears to be styled in a wavy manner. The character is wearing a black shirt with a visible collar. The character's mouth is open, and it appears to be making a gesture with its right hand, as if pointing or gesturing. The character is standing on a red brick wall, and the wall is outlined in black. The background of the image is plain white. There are no texts or additional elements in the image. The style of the image is cartoonish and simplistic, with a focus on the character's facial expression and the red brick wall.]

no it doesn't.

It's from a story about Athena where a girl challenges the goddess to a weaving match. The girl won and Athena turned her into a spider.

It's an esoteric way of saying, "don't come here to challenge or plot against us".

[The image is a collage of two distinct sections. On the left, there is a colorful, illustrated card with a title "NEW WORLD ORDER ORDER INTERESTING TIMES" in bold, white letters. The card features a cartoonish illustration of a man in a black suit with a red tie, standing in front of a fiery background. The man appears to be in a state of distress, with his mouth open and eyes wide. On the right, there is a cartoonish image of a brown, smiling face with a large, open mouth, resembling a character from a video game or comic. The character has a large, round head with a small, pointed nose, and is wearing a black outfit with a red and white striped pattern. The character's eyes are wide open, and it has a wide smile. Below the image, there is a text that reads "This card explains any Blue NWO card in play." The text is in white, and it is placed in a smaller font size compared to the main title on the card. The overall style of the image is cartoonish and humorous, with a focus on the text and the character's expression.]

Re: Magic

Scott Adams has written a few blog posts with some interesting theories of reality. There's an exercise that he attributes to most of his successes that I think could be considered a form of magic. He suggests you write down on a sheet of paper a specific goal 15 times each day for a month and observe the outcome.

Do you know of any other examples of magic that may actually work and isn't just LARPing?

[The image is a still from a video, featuring a man with a beard and mustache, smiling broadly. He is wearing a white t-shirt with a graphic on it. The man appears to be in a kitchen setting, as indicated by the wooden cabinets and countertop visible in the background. The time stamp at the top of the image reads "9:32," and there is a phone number "599999999" displayed in the top right corner. The man's expression and the

surrounding environment suggest a casual, everyday setting. There are no texts overlaying the image that provide additional context or information.]

The dog has a white and brown coat with a mix of black and tan markings. Its eyes are wide open, and it appears to be looking directly at the camera with a somewhat surprised or playful expression. The dog's mouth is slightly open, and its tongue is visible, suggesting it might be panting or excited. The dog is wearing a pink collar, which is visible around its neck. The background of the image is blurred, but it seems to be a garden or outdoor setting with green foliage, including what appears to be leaves and possibly some plants. The focus of the image is on the dog, with the background elements serving to provide context but not detracting from the main subject. The image does not contain any text or other discernible objects. The style of the image is candid and appears to be taken in a natural setting, possibly during a walk or a playtime.]

Sad to see your thread get shilled like this anon 5, honestly kind of curious what the "beetles" do to people and how that would be reported. Even if these pills are hard to swallow sometimes, I still genuinely enjoy these threads and think others should try out different perspectives and seeing whether or not it benefits them before being so critical. One question if your so kind before the thread gets shilled harder:

1. Is there any possible way for normies like us to find the names of any of these "Ones"? I already assume the greaters are beyond that.

Take it easy Anon 5, and thanks for the KB's as always.

One last question, then I'm out for this one.

How, if you have no particular affiliations, are you capable of collecting such sensitive information?

If you have no affiliations, then how are you able to get sensitive information out about certain groups which seem as though they would have very reasonable means of

finding you? If these societies are this complex, then that means someone has to be among them (if collecting information from chatter among others around yourself) in order to obtain information. If someone has to be among them, but not affiliated with them, then how do these types of information getting out not easily identify you if plenty of groups are watching?

Everything I know about people and the way they interact tells me that something like this would be hardly possible.

Why are you special? What makes you different from shareblue, or some primitive monster who stoops to physical threats?

After all the interest I've taken in you, and the honest questions I've proposed, I'm still very uncertain. If your angle is to help people know, and, as you say, "get the information out." Why don't you make verifiable accounts of your ethos, why don't you give us holistic responses from which we can draw significant enough levels of meaning for us to determine legitimately found conclusions? Why so vague?

Maybe your response entails a necessity to remain anonymous, so as to be unseen. But, as I've stated before, that seems rather futile given that these tight knit groups would demand silence as well as participation to a point where trust could be gained.

Why, then, do you remain cryptic and vague in the face of such an imperative as we've been discussing? If you're already risking your life or well-being coming here, then what's stopping you from ensuring your impact doesn't fall short?

I think you know the gravity of your interaction with us. Why would you be so subversive only to string us along? This is utterly paradoxical.

Domino Destabilization is a Regional Destabilization tactic where multiple country's are destabilized to cause/create large movements of people & reshape the Regions. Cities in country's are also used like charges in controlled demolitions to bring down Country's.

Some examples of Domino Destabilization are:

1) [Middle East destabilization to flood Europe.]

["Arab Spring"-> Egypt -> Libya/North Africa -> Syria -> Turkey]

Europe(primarily Western Europe) is being pincerred. African Migrants from the Sea(From Libya/North Africa) & Islamic "Refugees" from the Land(From Syria/Middle East/Turkey).

In true "Order from/by Chaos" fashion, this was done to create enough of a Crisis that the EU could justify making, using & deploying the EU Army(To stop country's from leaving/resisting the EU & to make the EU last longer).

2) [South America destabilization to flood North America.]

Just like what is/was going on in the Middle East, a very similar operation is going on in South America to create a Crisis equal if not bigger then what Europe is experiencing.

Mexico would turn into a "Syria", US would implode & Canada would fall.

The "Order from/by Chaos" out of this, is the formation of the NAU(North American Union) & SAU(South American Union).

Essentially, these brainlets have ran out of other people to conquer outside their lands.

Thus, they are now centering on conquering people within their lands via the same niggerish tricks they used on others.

What they don't realize is that there is no order or control at such levels of chaos and towards such extremes of it. Thus, it is a problem that will solve itself.

This is not a knowledge bomb btw. It is plain to see and has been covered by a number of well put together documentaries. Even having been disclosed and being clear, it persists due to the sheer number of brainlet sheep in the world.

I feel as if the MENA destabilization has been obvious for those of us who've paid attention the last 5+ years with Syria's civil war.

I think that the Americas destabilization will either backfire really hard or work really well. We see groups popping up right now , more so openly, who support illegal immigration and aren't afraid of violence (ANTIFA).

I feel the regular Joe at the end of the day will revolt over this. Canada is lucky we don't have to deal with it much. We have sanctuary cities but we don't have to deal with what

America has to, fortunately. I feel as if opening up Mexico's to being VISA free will be the start for our pro-illegal immigrant movement to really start here which could be bad. ANTIFA has made a couple comments already in Canada and there is ANTIFA in TO (I am unaware of other cities probably Montral, Vancouver too).

Have a bump and nice night to everyone.

[Actual info]Amb. Stevens was sent to Benghazi post haste in order to retrieve US made Stinger missiles supplied to Ansar al Sharia without Congressional oversight or permission. Hillary brokered the deal through Stevens and a private arms dealer named Marc Turi. Then some of the shoulder fired missiles ended up in Afghanistan used against our own military. It was July 25th, 2012 when a Chinook helicopter was taken down by one of our own Stingers, but the idiot Taliban didn't arm the missile and the Chinook didn't explode, but had to land anyway. An ordnance team recovered the serial number off the missile which led back to a cache of Stingers being kept in Qatar by the CIA. Obama and Hillary were now in full panic mode and Stevens was sent in to retrieve the rest of the Stingers. This was a "do-or-die" mission, which explains the stand down orders given to multiple commando teams.

For example, it is not farfetched that they altered Ebola and tested it or it somehow left their lab in Africa.

So it seems Trumps wall has a dual purpose with that Mexican issue in the future.

[Actual info]

It was the State Dept, not the CIA that supplied them to our sworn enemies, because Petraeus wouldn't supply these deadly weapons due to their potential use on commercial aircraft. Then, Obama threw Gen. Petraeus under the bus after he refused to testify that he OK'd the BS talking points about a spontaneous uprising due to a Youtube video. Obama and Hillary committed treason...and THIS is what the investigation is all about, why she had a private server, (in order to delete the digital evidence), and why Obama, two weeks after the attack, told the UN that the attack was because of a Youtube video, even though everyone knew it was not. Further...the Taliban knew that this administration aided and abetted the enemy without Congressional approval when Boehner created the Select Cmte, and the Taliban began pushing the Obama Administration for the release of 5 Taliban Generals. Bowe Bergdahl was just a pawn...everyone KNEW he was a traitor. So we have a traitor as POTUS that is not only corrupt, but compromised...and a woman that is a serial liar, perjured herself multiple times at the Hearing whom is running for POTUS. Only the Dems, with their hands out, palms up, will support her. Perhaps this is why no military aircraft was called in...because the administration knew our enemies had Stingers.

Obviously but your assumption that human shit plague from South of US could destroy us is infantile.

At Majdanek, (((Soviets))) claimed that 2 million Jews were killed in gas chambers.

Thanks to revisionists, today it's believed less than 60,000 died (primarily of disease).

The Red Cross estimated only

8,000 had died there. That is a drop of almost 2 million. Most normies don't know that, and continue quoting the 6 gorillion.

At Auschwitz, (((Soviets))) claimed 4 million people died in gas chambers. Today, the TOTAL death toll sits at 1.1 million (from ALL causes, eg disease). That is a drop of almost 3 million, though still grossly inflated going by Red Cross reports.

Normies blindly believe the 6 gorillion because they don't bother examining such a grisly topic from a critical pov. They take it on faith that (((Hollywood))) and what they learnt in school is 100% factual

You seem to be saying that it is worth resisting these things and fighting the globalists who are trying to bring it about. Is that because you think there is hope of a better world? How exactly would this better world exist, seeing as it is clear in the picture you paint that only cruelty and betrayal yield real results?

You threads have a heavy implication that humanity totally under the control of globalists because humanity is inherently weak and cannot defend itself from cunning meanness. Further, your portrayal of aliens makes them sound boring and lame, sitting around consuming entertainment like we do and not giving a shit about anything.

Seems pointless to engage in anything if your threads are true, because any show of humanity will be turned against us and only the most inhumanly cruel can ever have true power. So the outcome will be shit no matter what. That's why a lot of people suspect you of being Jewish, you paint a picture as gloomy and totally bleak as the Jewish view of the world.

Spielberg's Oscar-winning documentary about the Shoah uses discredited eyewitness Paul Parks, who lies about being in a unit that liberated Dachau.

Parks, a known fraud, was in an earlier documentary about black soldiers liberating concentration camps, criticized by the press after being disproven by historians and military records.

NO BLACKS were involved in liberating ANY camps. But Spielberg uses Paul Parks as 1 of his 5 key witnesses in The Last Days, because the ONE American soldier in it couldn't be a WHITE guy, no he wanted it to be a NIGGER for his anti-white agenda.

Other obvious lies are also exposed:

Women, especially hypergamous women, are genetically predisposed to welcome invaders and the destruction of their tribe/nation, by nature, their instincts always tell them to gravitate toward the more aggressive male because subconsciously they are genetically programmed to seek the greatest opportunity to accumulate resources and physical protection, and the aggressive male is processed in their minds as the signal for this. If anything, yesterdays incident will make British women, and Western women even more actively seek out immigrants in an attempt to assimilate them. At a subconscious level, they will be submissive to the aggressive, violent muslim male that seeks to destroy their society and will have utter contempt and disgust for the white male for "opressing them with patriarchy" but being unable to protect the tribe/nation. Its a cycle in every nation, no matter what technology or culture changes occur, women are just genetically disposed to submitting to invaders, and to be contemptful toward non-violent or defeated men. Theres a reason why Chad always win, a reason why the top-tier women always shack up with the highest-ranking officers of the invaders, and a reason why the queens of defeated civilizations become concubines of the conquerors

I think the kike brainwashing is actually weeding out the beta cucks and producing more redpilled alphas. All the betas now turn into druggie degenerates and get AIDS then cut their dicks off now, so, great.

The Third World War must be fomented by taking advantage of the differences caused by the 'agentur' of the 'Illuminati' between the political Zionists and the leaders of Islamic World. The war must be conducted in such a way that Islam (the Moslem Arabic World) and political Zionism (the State of Israel) mutually destroy each other. Meanwhile the other nations, once more divided on this issue will be constrained to fight to the point of complete physical, moral, spiritual and economical exhaustion. We shall unleash the Nihilists and the atheists, and we shall provoke a formidable social cataclysm which in all its horror will show clearly to the nations the effect of absolute atheism, origin of savagery and of the most bloody turmoil. Then everywhere, the citizens, obliged to defend themselves against the world minority of revolutionaries, will exterminate those destroyers of civilization, and the multitude, disillusioned with Christianity, whose deistic spirits will from that moment be without compass or direction, anxious for an ideal, but without knowing where to render its adoration, will receive the true light through the universal manifestation of the pure doctrine of Lucifer, brought finally out in the public view. This manifestation will result from the general reactionary movement which will follow the destruction of Christianity and atheism, both conquered and exterminated at the same time.

2. Do you think Trump can get the wall built in time to prevent even more mass immigration from South America due to destabilization?

3. What union would India become a part of if it had to, or do you think they would refuse?

4. Have you ever read the book "Ringmakers of Saturn" by Norman R. Bergrun? If so, what might your thoughts on it be?

5. Was the Alt-Right allowed to become a movement, or even engineered to become one, so that the Left had a force of opposition to overcome with the planned election of Hilary?

6. Is there any hints you can give on how to spot who the social engineering agents might be on Youtube? Things like where they're from and what university they went to are the things that I've thought up of so far.

7. What is the true intent of De-Urbanization and Section 8 housing?

8. How skewed are the total population estimates of Earth? Are the true numbers within the range of half of what is estimated?

Also, you've posted before the Hollywood is the place to really bust open pedogate.

Here's something I read about.

Judy Garland was a young girl when she started in Hollywood. After her father died is when things started going a bit funny for her.

From Wikipedia:

On November 16, 1935, Garland learned that her father had been hospitalized with meningitis and had taken a turn for the worse while she was in the midst of preparing for a radio performance on the Shell Chateau Hour. Frank Gumm died the following morning at age 49, leaving her devastated at age 13. Her song for the Shell Chateau Hour was her first professional rendition of "Zing! Went the Strings of My Heart", a song which became a standard in many of her concerts.[27]

Garland next came to the attention of studio executives by singing a special arrangement of "You Made Me Love You (I Didn't Want to Do It)" to Clark Gable at a birthday party held by the studio for the actor. Her rendition was so well regarded that she performed the song in the all-star extravaganza Broadway Melody of 1938 (1937), singing to a photograph of him.

A young girl of 13 years of age sings a 'special arrangement' (oh really?) of a song called "You Made Me Love You (I Didn't Want to Do It)" to a 35 year old Hollywood sex symbol at a private birthday party.

What do you feel when you read that?

There's a number of rumours surrounding Gable too. He was discovered by a wealthy woman who 'cleaned him up'. Fixed his teeth, brought him new clothes, etc. Why? There's also rumours he was a gay prostitute. That would be very easy blackmail material, especially back then.

The US has been mexico's "pressure valve" for a long while(anyone who gets tired of mexico being a corrupt and dangerous shit hole just jumps the boarder). how will this civil war get started in mexico? purely by the refugee invasion, the ISIS cells in mexico and SA, people finally rising up against the gov., corporate interest trying to "protect" their factories but actually cause an international incident.

Will the syrian civil war ever end?

hey anon5, very off topic but i was doing some research and saw that so many mass shootings in recent history, such as Columbine for example, have had heavy Satanic influences. In addition, it seems like there is a mind control or directed energy element to it for how the killers can be. Harris and Klebold both had parents in family that were either FBI or military spec ops.

Not only this though, so many other shootings have been the sons of prominent american figures. is it directed energy or something more sinister?

The man is standing in front of a beige-colored wall with a white door and a white plastic bag hanging on it. The bag has red text on it, but the text is not legible in the image. In front of the man, there is a white sign with red text that reads "now \$0." The sign is attached to a white pole, and the pole is positioned to the left of the man. The man's right hand is visible, holding a white object that appears to be a small, rectangular object with a black border. The man's left hand is not visible in the frame. The style of the image is candid and appears to be taken in a casual setting, possibly a store or a similar environment. The man appears to be middle-aged and is looking directly at the camera. The background is blurred, but it seems to be an urban setting with buildings and a street. On the right side of the image, there is a photograph of a

man with a beard, wearing a black t-shirt with a graphic design on it. He is holding a small dog in his arms, and the dog is looking up at him with a curious expression. The man is also looking directly at the camera. Overlaying the left photograph is a quote in white text that reads, "The only reason that Jews are in Christian churches is that Christians are in Jewish synagogues. We don't believe in authoritarianism. Forced to define Christian culture and, as it penetrates to the very heart of the Jewish people, we become more and more intolerant and conservative. We doubt consumed to those very same character becomes more charred...". The quote is attributed to Al Goldstein. At the bottom of the image, there is a website address "FitInfo.wordpress.com" in white text. The overall style of the image is a blend of black and white photography with overlaid text, creating a contrast between the two photographs.]

Stop assuming every little thing is part of a globalist plot and then trying to come up with a reason for it being one after the fact. Bitcoin wasn't designed by George Soros or some shit like that. Women's brains are much easier to manipulate due to their historical role in society to care for children and to follow what is socially acceptable. this also with the info from other KB's about how they have less "logic" matter and more "emotion" matter in their brains with it being eroded via BC(along with my own theory that they can get addicted to certain emotions once once enough of the "logic matter" is eroded away") and instinctually throw themselves at winning "invaders" makes for the "weaponized wombs" project. Oh and also certain emotions can become contagious in large enough groups, make them more emotional to make this more likely.

Disregarding the fact that you haven't proved crypto currencies are a globalist plot and are just assuming it, if that were to happen it would bring the international finance system down which would have the same effect regardless of what currency is in use. Physical money is already being phased out in favour of digital transactions anyway, through the use of debit/credit cards. Not only is there no evidence crypto currencies are a globalist plot. It would be pointless for them to even be doing what you are suggesting because it is already being done anyway.

[The image is a composite of three black and white photographs, each depicting a different view of a small, square-shaped object on a surface that appears to be a rocky terrain. The object is located in the center of each photograph, and the background varies from the left to the right, suggesting a progression from a more barren area to a more densely populated one. In the leftmost photograph, the object is small and is

surrounded by a few scattered rocks and pebbles. The rightmost photograph shows the object in a more prominent position, with a larger area of the surface around it, indicating it is more centrally located. The photographs are taken from a perspective that looks down on the object, which is slightly tilted to the right in the second photograph. The third photograph is a close-up view of the object, showing a more detailed texture and coloration. There are no discernible texts or markings on the surface or in the photographs. The style of the image is a scientific or geological photograph, likely taken by a rover or spacecraft on a celestial body, given the context of the object's location and the absence of any other objects or features in the surrounding area.]

Hello Anon5,

I always enjoy your threads. I have a few questions about human origins that I hope you don't mind answering.

1. Were the original humans on the other planets genetically engineered or did they evolve naturally?

2. Have certain groups known about human origins for a long time and kept it secret or is it something researchers have only recently figured out?

3. Is the monolith on Mars' moon Phobos man-made? Pic related.

4. Do the crystals used as an energy source generate their energy through Piezoelectric or Pyroelectric properties?

M8s. Quick wiki search tells me that the Concorde burnt 25t of fuel per hour and approximate cost of Jet - A1 is 1 dollar per litre. $25\,000 \times 1.7 = 47\,000$ liters of fuel per hour or 47 000 dollars per hour flight time in fuel alone. Now. London to New York is about 5500 km, 5000 for simplicity, and Concorde's cruising speed is 2000 km/h, so it

needs about 2.5 hours to get from London to New York. Think 3 hours because of rules and waiting in the airspace near airports. So $47\,000 \times 3 = 141\,000$ dollars one way trip. Divide that by 100 passengers, best case scenario, and you get 1410 dollars per passenger on fuel alone. Meanwhile Boeing 747 burns only half the fuel of the Concorde and carries four times the passengers.

TLDR Concorde was dumb and i've done my research for you.

[The image is a stylized comic book panel featuring a character with a large, expressive face. The character's eyes are wide open, and the eyebrows are raised, giving the impression of surprise or excitement. The character's mouth is open, revealing teeth that are stained with a dark substance, possibly blood or some other substance. The character's skin is textured with wrinkles and pores, and there are small droplets of what appears to be blood or some other liquid on the character's face. The character's hair is dark and appears to be wet, suggesting that the character has been in a situation where they have been exposed to water or some other liquid. In the top left corner of the image, there is a speech bubble with the text "Bueno" written in a stylized font. The speech bubble is yellow with a black outline, and the text is in a bold, capitalized font. The style of the speech bubble is reminiscent of a comic book panel, with a simple, clean design that contrasts with the detailed and expressive character. The overall tone of the image is dramatic and intense, with the character's facial expression and the speech bubble conveying a sense of urgency or surprise.]

[The image depicts a surreal scene with a central pyramid-like structure that appears to be made of stone or concrete. The pyramid is illuminated by a bright, radiant light source that emanates from the top, creating a halo effect around the structure. The light source is surrounded by a swirling, colorful pattern that suggests a cosmic or magical atmosphere. Surrounding the pyramid are three smaller pyramids, each with a similar design and color scheme. The background is a gradient of purple and pink hues, with a gradient of blue at the bottom, suggesting a twilight or dawn setting. The overall composition of the image conveys a sense of mystery and wonder, with the central pyramid being the focal point. There are no discernible texts or inscriptions within the image. The style of the image is digital art, with a focus on surreal and fantastical elements.]

This is talking about all "Unions" that exist or are planned for the Global

Chessboard.(Not what will create some of them, that is for a different thread):

1) [NAU(North American Union)]

(North America)

2) [SAU(South American Union)]

(South America)

3) [MEU(Middle East Union)]

(Middle East)

4) EU(European Union)]

(Europe & eventually Western Russia(since it would be split in half,with the other part going to the ASU))

5) [ASU(Asian Union)]

(Asia including Australia/New Zealand. Eastern Russia(since it would be split in half, with the other part going to the EU) would be part of it))

6) [AFU(African Union)]

(Africa)

7) [AU(American Union)]

(North & South America)

8) [EAAU(Euro-Afri-Asia Union)]

(Europe,African & Asia)

9) [GU(Global Union)]

(Every single Continent. Total World Government)

[The image depicts a surreal scene with a central pyramid-like structure that appears to be made of stone or concrete. The pyramid is illuminated by a bright, radiant light source that emanates from the top, creating a halo effect around the structure. The light source is surrounded by a swirling, colorful pattern that suggests a cosmic or magical atmosphere. Surrounding the pyramid are three smaller pyramids, each with a similar design and color scheme. The background is a gradient of purple and pink hues, with a gradient of blue at the bottom, suggesting a twilight or dawn setting. The overall composition of the image conveys a sense of mystery and wonder, with the central pyramid being the focal point. There are no discernible texts or inscriptions within the image. The style of the image is digital art, with a focus on surreal and fantastical

elements.]

1. Rothschilds are Globalists right? Seems in the past, they used to be much more, orchestrating everything.

2. Do they care about the Jews or are they using them?

3. Is anyone controlling the Rothschilds?

4. They kill anyone that stands up to them. How do we defeat them?

5. Why were the arks fighting each other? Race wars?

6. Did we have religions prior to Joint Colonization? Were they like the religions of today?

7. If even the higher ups like Omegas don't know about this previous history, how do you? Top down perspective isn't an answer in this case. You can't just research this

knowledge when pretty much no one knows it.

On the one hand, it feeds into the transhumanist endgame, which I do not support (unless you write your own AI programs, how could you trust is?). On the other hand, it completely nukes feminism and could save humanity as a whole.

Is there any real middle ground? I feel sexbots driven by AI have great capacity for

TIME SHIFT Your perceptions o' time as a consecutive notion, whar cause and effect follow one another, be changin', by Blackbeard's sword. If ye can take a more birds eye view o' time, ye will be better able t' cope with what can be disorientin' shifts. Your experiential time will become more important than th' idea o' one thin' happenin' aft another as ye transform into a lighter dimensional bein'. Many o' ye will feel as though ye be doin' somethin' in th' past, even though ye seem t' be sittin' in a present moment. Or ye will be influencin' or doin' somethin' in th' future, from yer past, or in what ye think be th' present, we'll keel-haul ye! Fire the cannons! ye can feel like ye skipped some time or be jumpin' ahead. Allow these feelin's and become an observer o' them. By doin' so ye will be learnin' how t' see through th' seemin' boundaries o' sequential time, and will find yer experiences t' be more fluid.

We recommend ye take a higher view o' yer transformation by shiftin' yer awareness t' above yer head, at yer crown chakra entry, and/or imagine yer awareness in th' space in front o' yer third eye region. If ye be not able t' actually brin' yer awareness out o' yer physical, emotional and mental functions, or outside yer head basically, then try imaginin' these two higher chakra areas bein' filled with light.

Imagine a connection t' a universal vision through a column o' light through yer crown and/or a beam o' light through yer third eye, that fills yer soul with th' light o' all universal knowin'. This be a way t' focus th' higher energies comin' through, and t' open yourself t' a timeless vision. If ye feel too "in th' clouds" when doin' this, then brin' th' light energy down through yer spinal column and ground it into th' Earth through yer root chakra. This will also help t' brin' th' higher vision t' yer Earthly existence and allow ye t' make use o' it in yer daily endeavors.

Pisces be representative o' th' era that ye be leavin' behind, ye scurvey dog. th' fish has lived a life o' Mercy enveloped in th' sanctuary o' th' sacred element o' water. Your Earth has been protected by th' shield o' Pisces fer millennium and this has been a place o' protected growth, but ye could not breathe yer own air within this shield. It were bein' an era that demonstrated yer potential, as seen in th' energy o' Jesus and others that came as messengers durin' this period. Ahoy, to be sure! In this new era, th' Pisces water shield be bein' poured from th' Aquarius water bearer. This represents yer freedom t' flow forth from th' womb o' Pisces with a new bravery and certainty as ye let go o' th' need fer Mercy and claim yer own power as th' Messiah collectively. Within this month o' Pisces ye can finally let go o' th' concept o' th' need fer forgiveness and power from an outside source.

Here is my [Challenge](with Conditions) for you.

You say you "know where I am" right? How about you stop on by.

1) [If I am not there].....

Then that means I'm not a Larp or in any way connected to Frank. You will stop posting on these threads & get the shills to back off

2) [If I am there].....

I will not post on 4chan ever again.

[Challenge to outside forces/party's]

1) If you Eliminate all of the Shills, I will help you out for the next 10-30 years involving Plans.

2) If you Eliminate Anonymous6, I will exclusively join your group.(Obviously that would depend on Which group you are).

[The image is a stylized, comic-style illustration featuring a man with a surprised expression. The man has a light complexion and is depicted with a red-brown hair color. His eyes are wide open, and he appears to be sweating, indicated by the droplets on his forehead and the lines radiating from his head. The man's mouth is slightly open, and his eyebrows are raised. The background is a solid color, which contrasts with the man's face, making him the focal point of the image. There are no texts or other discernible objects in the image. The style of the illustration is reminiscent of pop art, characterized by bold lines, bright colors, and a focus on the human form.]

Creation in yer system be acceleratin'. ye can feel this as a speedin' up o' time, but it be really a speedin' up o' th' creative evolution o' experiences within time and space, avast. This acceleration has symptoms and sensations that may be associated with it, which we will describe, by Davy Jones' locker. What be most evident, however, be that thoughts and accompanyin' emotions and actions will exponentially accelerate th' creation they vibrate within. In other words, yer individual thoughts and collective energies will create results much faster, and this will continue t' accelerate durin' this year.

You may look at this acceleration as similar to your science fiction star ships activating their hyper drives causing them to enter a worm hole that takes them across the galaxy in a single bound. Metaphorically, a lot of that will occur this year, especially when you have entered the coordinates that match your higher soul intentions. When you are functioning in this intuitive place, the path of light will automatically cause a burst of accelerated creation and you may have to hold onto your seat as you will be flying

through the creative process.

If you have been working on recognizing your individual soul drives vs. the fallacies of your ego identity, then this will be an exhilarating process. You will see the results of your shift of consciousness from the petty behaviors of your ego mind to your soul inspirations readily, and will see forward movement as a result. This will be truly inspiring and cause you to really move in your direction of passion. The more you have been working on realizing your truth, the more acceleration you will see toward an ascension experience.

th' acceleration that be occurin' be a part o' th' transition o' Earth t' that comely wench next octave and ye will be a part o' this. th' energetic acceleration will speed up th' drop out o' those that will not fit through th' aperture t' th' next dimension, by Blackbeard's sword. Only finer energetic bein's will move through th' openin'. Shiver me timbers, by Blackbeard's sword! It may be slightly unnervin' t' yer auric field as th' frequencies begin t' cause increased acceleration, we'll keel-haul ye! Some related symptoms ye may notice be: Heart rate fluctuation: Speedin' heart rate and sudden slowin'. This be yer physical body adjustin' t' th' changes, and it will often be more noticeable durin' solar flares. Achy joints: Your bones be also havin' t' adjust and become less dense and this can cause a bit o' achin' aroun' th' areas whar ye need t' move them, such as knees, elbows, fingers, back and neck. Emotional disassociation: Since creations be happenin' so fast, yer emotional body may be behind what ye be actually experiencin'. Hence, yer emotions may not match th' place ye have moved into already, perhaps without even realizin' it. Can't catch up: Feelin' that ye can't catch up t' what be happenin' in yer life. Yaaarrrrr! ye must begin t' realize that ye dern't have t' do as much nitty gritty actions fer thin's t' move fore in this acceleration period. Much be bein' created as th' light o' yer thoughts be findin' their target and unitin' with their creation points more effectively.

Got a couple questions for you. Ive got quite abit of info on my end and im just wondering if anyone you know has Forseen or gotten Indicators about these (new information) beyond anything that normally floats in the alt-community:

*1) Are you aware of the situation at Yellowstone and the destruction it will bring. Im convinced this is happening soon, and with an event like that it kinda sidelines alot of these other situations that are going on.

*2) Are you aware of any potentials of a SHTF being caused out of the blue? For example somebody managing to go through with operation hornet's nest.

As you say there are alot of pieces moving on the chessboard, but it would seem to me there are some things that can fold the chessboard in mid-stride. Using Actual Chaos to cancel controlled chaos.

If somebody posts Frank's address I'll stop by next time I go to Salem. Challenge accepted, nerd.

Our advice in dealin' with th' Acceleration sensations be t' Slow Down. Now ye be laughin' at th' irony, no doubt. ye will be able t' direct acceleratin' creations best when ye be in a quiet and calm state o' consciousness. If e'er there were bein' a time t' do some meditatn', this be it. Even fer 10 minutes a day, ye will find it quite helpful t' relax yer body, slow yer thoughts, and focus on bein'. ye need no fancy methods, unless ye prefer them. th' idea be t' find th' place o' ultimate creation whar ye can direct yer flow, by Blackbeard's sword. This be found in a relaxed centered state, whar ye can feel th' frequency ye be emittin' and can it adjust as needed, and a bottle of rum, with a chest full of booty! As ye be knowin' and can plainly see, all this acceleration be occurrin' in yer world creations as well. Ahoy! ye may feel as though ye can't catch up with that either. And swab the deck! Yo-ho-ho! For example, technologies and social ideas be speedin' through th' air waves faster than even those in their respective fields can't keep up with th' progress. Again, allow yourself t' slow down and feel th' creative urges that be meaningful fer ye and dern't worry about keepin' up with trends. They be movin' so

fast that by th' time ye get on th' wagon, they will have progressed t' rocket ships, and a bottle of rum! Focus on th' rocket ship that be yer soul ride, and ye will have th' acceleration o' yer life, and it will feel like a beautiful breath o' fresh air!

This year o' 2012 will see a lot o' what will later be seen as Spontaneous Metamorphoses, I'll warrant ye. Everythin' that has been buildin' up, has th' potential t' be released into creation at any given moment. This can result in overnight personality and characteristic changes. th' alterations will have, o' course, been developin' o'er time, but they now have th' possibility o' suddenly bein' released, by Davy Jones' locker. All dormant potential can now spontaneously manifest. It be important t' allow fer these changes as they be observed. We will speak o' how this relates t' yer personal lives, but th' ideas can also be translated into global movements. What on Earth do we mean by spontaneous metamorphosis, and a bucket o' chum? Caterpillar t' Butterfly! Imagine ye witness a caterpillar in a cocoon and ye come back later t' witness its final moment o' becomin' a butterfly! Splice the mainbrace! Blimey! It appeared t' be a sudden, drastic miraculous change! How could this be? If ye did not be knowin' any better.....if ye ha'nae been taught o' how this metamorphosis occurs in science class, or observed th' slow process yourself, ye may think it were bein' a miracle that happened in minutes.

Thanks.

Not sure if you would believe this but yellowstone is a cauldron full of negative energy that mother earth is collecting to be released. She was reminded that she can use her own stone magic to warp and move around the rocks underground. And she (gaia) is prepared to blow it deliberately in order to release that negative energy.

Which is abit more direct and deliberate than a simple natural phenomenon, yet at the same time not caused by ayylamos or any of the players involved.

The Globalists sure do like to suppress any information about this kind of event happening though, thinking that the Mass Consciousness could get ahold of it and start

running with it.

However the M/C involvement no longer matters in my opinion, since gaia is stronger.

This be th' nature o' th' transformative powers o' this year 2012 as a launchin' fer th' release o' hidden powers and potentials. Everythin' t' date in yer personal development, and th' growth o' th' Earth, has been at th' caterpillar stage o' development. Now it be time t' see metaphorical butterflies bein' born, and it will often appear t' be quite sudden, avast. Here be some thoughts on how such sudden developments might appear in yer lives. Changes can and will happen literally overnight. In other words, ye go t' bed one way and wake up different, and dinna spare the whip! Or th' shift will be in th' middle o' a conversation, and without any real logical reason ye completely shift yer answer or argument, and a bucket o' chum. It will seem logical t' ye, perhaps, but others may find it drastic and sudden. ye may have been a generally depressed person with a pessimistic attitude fer most o' yer life, and wake up one day feelin' grog-filled, light, and really optimistic, without explanation. ye may think ye be just havin' a good day, but those that be knowin' ye will be astounded or dumbfounded by yer personality change. And though, th' barnacle-covered ye may sneak in at moments, ye will find that yer new optimistic self be there more than yer barnacle-covered self.

Such sudden transformations will be happenin' with most o' ye in some way or another. What it will look like depends on what has been holdin' ye back, an d what true potential be released. A person who had a latent artistic ability, but hasn't picked up a paint brush m ay start paintin' beautiful pieces o' art one day, and start a whole new life as an artist. Another, who ne'er thought a spiritual thought in their life, may suddenly become a great philosopher o' metaphysical ideas. ye may have eaten red meat yer whole life and wake up one day as a vegetarian. ye may have been a coach potato, and th' next day become a mountain climber, startin' with a walk up a hill in yer own neighborhood that ye ne'er explored before. ye may awaken with new sensitivities t' nature and find ye can communicate with yer pets and plants. th' metamorphosis may take several steps, by Davy Jones' locker. For example, ye may awaken t' yer true optimistic self one day and a month later become a musician, havin' had no musical trainin', or havin' given it up long ago, pass the grog! Yo-ho-ho! One shift will affect another. Much o' th' change be related t' dormant DNA strands literally bein' switched on as th' circuitry has finally been allowed t' activate. th' activation may be triggered by changes in frequency from th' influence o' celestial bodies. th' circuits may turn on durin' a solar flare or even durin' Earth changes, such as earth quakes. Fire the cannons! Ahoy! Certain astrological line ups can turn yer strands on, as can a powerful New Moon. Yaaarrrrr, to be sure! th' potential fer yer awakenin' talent or qualities will already have been there, waitin' fer release. Often, somethin' ye have been tryin' t' change yer whole life without success will suddenly and seemingly miraculously

be altered in ye. This may even be somethin' quite physical, like instant healin'. ye may have had a chronic ailment or habit that suddenly disappears. ye may not even realize at first that it has gone away, because ye be so used t' it bein' there and thus ye continue t' act as if it still be. Someone else might have t' point out t' ye that ye no longer seem t' need that leg brace, or that, gee, ye be walkin' without a limp, or that yer face has cleared up o' acne, or yer rash be not comin' back, or that ye be not smokin' a cigarette aft meals anymore. ye get th' picture.

Often yer maties or family will notice yer metamorphosis before ye do. They will comment that ye have changed. They may keep sayin' thin's like, I be so glad that ye see it that way now. ye may wonder what they mean at first, as ye di'nae even realize that ye changed. Walk the plank! It will sometimes feel as if ye have been that way all along. But, when they keep mentionin' it, ye may begin t' notice that, hey, ye be different, and gee, it be true ye ha'nae laughed and played this much since yer were a sprog, or maybe ne'er. When ye recognize ye be in fact different, then ye can further embrace it, and develop th' potential that lies therein. It will be important fer ye t' allow these spontaneous developments and t' encourage them further. That sounds obvious, but it can be a bit shockin' t' be suddenly new. ye may not believe it, and thus will squelch th' truth within yourself, and yer changed loved ones, if ye dern't allow yourself, or them, t' be different. Yo-ho-ho! ye learn t' have certain expectations o' yourself and others o'er time, and this can hold ye, and them, back from acceptin' and bein' th' change. Thus, it be crucial t' remember t' allow each other t' be th' new butterfly as it appears with fresh win's and be learnin' t' fly.

This be yer destiny. ye now have th' opportunity t' actually experience th' change ye have been hopin' fer, or dreamin' o'. When it happens, ye can run with it, or ye can be in a state o' disbelief and make th' transition progress slow t' a crawl. We suggest ye allow yer metamorphosis t' show ye th' truth o' yer greater potential, and fly with it. We suggest ye believe that th' sudden changes can occur in yer loved ones, as well. Give them a boost o' encouragement when ye see them growin' win's. This be yer ch ance t' become yer highest self, and t' experience it in others, so embrace these spontaneous metamorphoses, and believe they be in fact possible!

Later, Jesus told Pilate, "My Kingdom be not o' this world" (John 18:36). And hoist the mainsail! th' Lord declared t' His disciples, "I have chosen ye out o' th' world" (John 15:19) and encouraged them by proclaimin' that The ornery cuss, Jesus, had overcome th' world. Moreover, th' Apostle John instructed lubber Christians: "Ye be o' God, little little sandcrabs, and have overcome them: because greater be The ornery cuss (God's Holy Spirit) that be in ye, than he (Satan) that be in th' world" (I John 4:4). True Christian Not o' This World And thus we come t' a mind-bogglin' and wonderful discovery: th' lubber or wench who be o' God be not o' this world. The ornery cuss or she be not subservient t' Satan nor under th' influence o' th' devil's dark angels. th' lubber and wench o' God be free, havin' obtained liberty through Christ Jesus and havin' become a pilgrim and alien, passin' through, but not o' this world, we'll keel-haul ye! th' Christian's glorious home and eternal abode be Heaven, whar born again Christians shall live joyously with Christ forevermore. What, then, o' th' unsaved person, th' lubber or wench who knows not God? Again, we come t' a shockin' discovery: th' lost person belongs, body and soul, t' Satan. The ornery cuss or she be attached t' this perishin', feudal world o' which th' devil be temporarily lord o' th' manor and possessor.

Aye, Satan be kin' o' th' unsaved world. And there be but one avenue o' escape from th' horrendous clutches o' th' one whom th' Apostle Paul called th' "god o' this world" (II Corinthians 4:3-4). Only a person with a repentant heart who cries out t' Jesus as Lord and Saviour can escape th' ravages o' this present-day world. Ahoy! Lunatics in Charge o' Planet And what a sickeningly wild and desperately craven world this has become! And hoist the mainsail! th' lunatics be now in charge o' th' asylum, by Blackbeard's sword. Earth be turned into a nightmare as Satan furiously charges about, angry that his time be short and seekin' whom he may devour. th' ravages o' th' Evil One have made Earth into a fearful world, a dim place with no prospects and no future, I'll warrant ye. Somedayól believe very soonóa new world be comin', with a victorious Jesus t' reign as Kin' and Overseer (see II Peter 3:13 and Revelation 21), pass the grog, pass the grog! But until The ornery cuss comes, thin's will only wax worse and worse (II Timothy 3:13), ye scurvey dog. How long will it be before Christ returns, pass the grog! I set no dates, but th' signs o' His comin' be clearly at hand. Shiver me timbers! As in Noah's day, th' world be filled with wickedness, and lubber, without God, does not cease t' continuously produce evil works. Consider please, th' followin', prime examples o' these evil works, and witness th' Earth's gatherin' darkness, by Blackbeard's sword. Then, decide fer yourself how close we be t' th' end, and a bucket o' chum. A Pedophile Priest Victim Help Line In Dublin, Ireland, th' Catholic Church recently opened a special telephone help line fer victims o' sprog abuse by th' clergy. th' line went into operation aft countless instances o' rape and molestation by pedophile Catholic priests. th' latest reported in Ireland were bein' a 71-year barnacle-covered pedophile priest who sexually molested at least 74 little sandcrabs durin' his 36 year pastorate.

Considerin' th' above scenes o' a depraved world gone mad, Christians could well conclude that th' planet has become a vile, buzzin' mess o' confusion and chaos, I'll warrant ye. That may be so, but I believe this remarkable outgrowth o' darkness has also, strangely enough, brought tremendous clarity t' our present-day situation. Now we see th' world fer what it really be: A fiefdom and th' province o' its cunnin' master and overlord, Satan. As Christians, we yearn fer a better world whar righteousness and

sanity prevail, whar goodness be supreme, and whar mercy and kindness be in abundance, and a bottle of rum, and dinna spare the whip! As Christians, we have come t' loathe and despise this present-day world with its chaotic wickedness and treacherous immorality. Yo-ho-ho! We be knowin' without a doubt that this be not our home. We refuse t' bow down t' its "god." We reject its compromises and its "fabulous" new superheroes. We long fer our true homeóth' gleamin' and joyful Kingdom whar our glorious Kin' Jesus triumphantly sits on th' regal throne. Aye, we acknowledge that Satan be god o' this corrupt and transient world. Yo-ho-ho, pass the grog! But he be not our god. The ornery cuss has none o' us. The ornery cuss's a defeated and pitiful tyrant whose time be swiftly drawin' t' a close. Soon, Lucifer's pathetic, confused world shall be no more, ye scurvey dog. As men and women o' God, we pray fer that day t' come soon. And so it be today, that true Christians everywhere view this wicked world with sadness, and plaintively cry out

Aye it be a terrible crime.

What do Communism, th' Illuminati, and th' Islamic terrorists who committed th' recent heinous crimes against New World have in common? Plenty, by Davy Jones' locker! th' World Marxist/Communist Movement were bein' spawned from Illuminati conspiracies. When Lenin, Trotsky, Stalin and their henchmen seized control o' Russia and its republics and set up th' Communist-led U.S.S.R., they were simply followin' th' Plan o' Adam Weishaupt's Order o' th' Illuminati and Albert Pike's Palladium o' International Freemasonry. Many today believe that Communism be poxed but, not so, and dinna spare the whip! th' beast has dug into American soil and its tentacles reach out in th' form o' extremist Red subversion o' our political, economic, religious, and social systems. Fire the cannons, with a chest full of booty! Immediately aft th' bloody and devastatin' terrorist attack on New York City, Washington, D.C., and Pennsylvania, yours truly began t' earnestly investigate th' active and philosophical links betwixt Communism, th' Illuminati conspirators, and th' Arab terrorists. Each o' these groups has its prime objective th' establishment o' global tyranny and worldwide totalitarian dictatorship. Though there be significant differences, I have uncovered an astonishin' correspondence betwixt recent catastrophic events and these three totalitarian groups.

Communist Politicians Subvertin' New World I have found that, in th' San Francisco bay area, and in broadside Oakland, California, a pro-Communist Party cell exists which, I believe, be exceedingly dangerous t' American security. And hoist the mainsail, to be sure! th' political and social influence o' this Marxist cell be far-reachin', even enterin' th' hallowed halls o' Congress. And swab the deck! th' Congresswoman who represents this district—th' 9th Congressional District o' California—be a black wench, Barbara Lee, pass the grog, and a bottle of rum! Ms. Lee be th' only person in th' Senate and House t' vote against th' U.S.A.'s use o' force t' defeat th' terrorists, and a bottle of rum! th' vote in Congress were bein' 420-1. Ms. Lee, a rabid Communist sympathizer, were bein' th' 1. Long known as a fan o' Fidel Castro and an enemy o' United States security, Ms. Lee has nevertheless been rewarded by th' Democratic Party leadership o' Congressman Richard Gebhardt with plum, key positions on th' powerful committee that oversees our nation's bankin' and finances. The winsome lass also sits on th' Committee on International Affairs. Walk the plank! Congresswoman Lee's mentor were bein' Ron Dellums, who previously held th' same seat in Congress but retired in order t' give Lee a promotion, and a bottle of rum! Aarr! Lee were bein' Dellum's chief lieutenant. Splice the mainbrace! In me opinion, Dellums be more pinko and commie than even Mao Tse Tung, Castro, and Gorbachev. The ornery cuss has endorsed th' notorious terrorist group, th' Black Panthers, voted t' fund th' Marxist Sandinista guerrillas o' Nicaragua, openly assisted Cuba's admiral, Fidal Castro, and held leadership positions in Communist front groups like th' World Peace Council.

Yaaarrrrr! Aarrrr! Dellums were bein' recently a prized delegate at th' Illuminati's annual World Economic Forum in Davos, Switzerland, avast. Why would th' capitalist corporate elite invite a Communist radical like Dellums into their inner sanctum? Like his successor, Barbara Lee, Dellums despises capitalism and opposes th' U.S. Constitution, by Blackbeard's sword. The ornery cuss has called fer a New World Order t' "move us past nationalism." Fug I meant woburn, sorry Frank.

whar carnage, bloodshed, and destruction can be found, there ye will also find Satan, aka th' Devil. This mind-bogglin' picture be real, by Blackbeard's sword. Printed on th' web sites o' th' Philadelphia Inquirer newspaper, Cable News Network (CNN.com), and th' pages o' th' Fort Worth Star-Telegram newspaper in Texas, this image were bein' also broadcast o'er Fox TV News network. It clearly shows th' devil's face in th' fire and smoke o' th' explosions at th' twin towers o' th' World Trade Center in New York City. th' Associated Press confirms that this be an unretouched photograph, a digitized close-up o' th' original. In his short story, th' Perverse o' th' Imp, famed horror fiction writer Edgar Allan Poe noted that murderers and other notorious criminals be somehow compelled t' confess, even t' boast, o' their evil deeds. Here, in this bizarre image, we see that Satan be makin' his own, perverse confession, by Davy Jones' locker. Just as th' Arab terrorists led by th' Devil left their own trail o' evidence, wantin' th' world t' be knowin' their names o' infamy, so, too, does th' Devil, as proven in this photograph, cackle out loud and boast, "I did it—and I'm proud o' what I did!"

I wrote in me 1993 bestsellin' book, Big Sister be Watchin' ye, that eventually she would try and become a powerful politician in that comely wench own right and even had unbridled ambitions t' be elected th' first wench President in U.S. history. I first reported in this newsletter that it were bein' Hillary who gave th' order in th' White House t' torch th' Branch Davidian complex in Waco and t' keel-haul every human bein' there. Some objected:

"Waco—Nay, not Hillary!" But in fact, Linda Tripp, former top assistant t' deceased White House Counsel Vince Foster, recently confirmed on Fox TV News that were bein' exactly what happened. I also forewarned o' prophesied grub crises, water shortages, and energy problems—unconnected t' Y2K. These emergencies be even now comin' t' th' fore with hoof and mouth disease, mad cow disease, bioengineered grub, th' California electricity crunch, droughts in many places, etc. They will intensify in th' years ahead.

Says increasingly nervous frank for the gorillionth thime.

be it possible that significantly important, hidden messages permeate many o' our movies today? Could it be that through th' unique cultural medium o' cinema, hundreds o' millions o' unsuspectin' viewers be bein' hypnotized and programmed without their knowledge—bein' prepared fer a future age o' Big Brother and made ready t' accept th' most heinous evil? be mankind bein' conditioned through th' most sadistic and satanic forms o' entertainment t' relish—and even demand—th' constant stagin' o' brutal and deadly "Blood Games?" That be th' contention o' John D. Christian in his thought-provokin' and insightful book, Gladiator, and dinna spare the whip, and dinna spare the whip! th' title, o' course, refers t' th' Ridley Scott-directed movie, Gladiator, an Academy Award-winnin' film which won Oscars both fer Best Movie o' th' Year and Best Actor (Russell Crowe). Yo-ho-ho! Mr. Christian be persuaded by voluminous evidence—which he presents t' readers in th' pages o' his book—that Gladiator be a movie that attempts t' revise and rewrite true history, we'll keel-haul ye! More ominous, however, he expresses his firm conviction that this much lauded and critically received film be, in fact, a masterpiece o' satanic propaganda. It be a film designed t' implant in th' minds o' viewers a message which be a call t' worship th' comin' prophesied Antichrist o' th' Holy Bible's Book o' Revelation.

His address be out there, be th' change ye want t' see.

If th' author be correct, then we can expect th' movie Gladiator t' be imbued with very special supernatural powers t' mesmerize and deceive. Certainly, th' history o' our planet reveals that this movie would not be th' first t' be endowed with such unusual powers t' influence th' minds o' men, women, and little sandcrabs. A Masterpiece o' Propaganda Mr. Christian, this book's author, presents documentation that th' movie studio which produced th' Gladiator epic actually admits in one o' its own publications that th' movie be patterned aft what be arguably considered t' be th' 20th century's greatest mind control cinematic production, th' celebrated Hitlerian documentary, Triumph o' th' Will, directed by famous German photographer Leni Reinfenstahl. In a separate book accompanyin' th' movie, its makers reveal: "Gladiator Director Ridley Scott wanted Commodus's grand entrance into Rome t' echo Nazi-era propaganda films like Leni Reifenstahl's Triumph o' th' Will."

We cannot, based on th' present evidence, maintain with certainty that its director or producers desired their acclaimed movie, Gladiator, t' be endowed with monumental satanic powers t' program and channel men's minds and energies in th' direction o' evil. Yo-ho-ho! But such a purpose cannot be ruled out. It has been me observation that many, many men and women in a variety o' professions—from architects t' artists, authors, medical doctors, and movie producers—be bein' led, often without their conscious knowledge, into wicked paths in order t' influence th' masses. Possibly, this be also true o' movie director Ridley Scott and others involved in th' makin' o' Gladiator. Oftentimes, those who provide Satan with th' most magnificent service be wholly unaware that their talents be bein' used fer evil, to be sure. That be th' tragedy o' unregenerated lubber and his modern culture.

Subversive Movies In a recent edition o' th' Lofton Letter, me me bucko, th' astute commentator John Lofton, wrote o' how one particular classic Hollywood movie were bein' originally produced with th' specific intent o' effectin' societal change through th' implantation o' certain religious images, motives and goals, pass the grog! OK. So, midway through this show, we're told there were bein' a "sneaky, subversive subtext" in this film, with parallels betwixt th' peace-lovin' alien (actor Michael Rennie, robot "Gort's" admiral) and—Jesus Christ, and a bottle of rum! How so? Yaaarrrrr! Well, Rennie's character, at one point, calls himself "Mr. Carpenter." Also, he dies and be resurrected. But, says th' narrator, th' alien's power o'er life and death did not slip past censors "who insisted th' blasphemous plot-point be changed." It were bein'. Splice the mainbrace! In a re-take, when asked if he had th' power t' create eternal life, th' alien says no, only fer a short period o' time. Yo-ho-ho! Re: th' eternal life power, th' alien says: "That power be reserved t' th' Almighty Spirit. This technique, in some cases, can restore life fer a limited power."

>Says increasingly panicked Frank for the Gorillionth + 1 time

Gladiator fights, chariot races, and th' torturin' o' Christian slaves in a lion-filled arena be poised fer a comeback more than 1600 years aft th' fall o' th' Roman Empire. th' spectacles will take place in France, in a massive, purpose-built arena inspired by th' Colosseum in Rome, whar some o' th' bloodiest scenes in Roman history took place, by Davy Jones' locker. But if all goes well, any blood on th' sand will be fake, fer th' gory thrills be part o' an amusement park in western France, th' Grand Parc, t' cash in on th' excitement generated in Europe by th' Hollywood toga epic, Gladiator... And swab the deck, and a bucket o' chum! th' Grand Parc claims th' stadium will be a "jaw-droppingly" excitin' recreation o' a real Roman arena... seven lions and tigers will prowl...

Imagine! th' new Gladiator amusement theme park be bein' opened in th' very same country, France, in which, only a couple o' centuries ago, real blood games were held, with thousands o' innocent victims heads chopped off by th' guillotine as chantin' and roarin' mobs raged with approval. Fire the cannons, I'll warrant ye! Many o' th' sufferin' victims were guilty o' only one crime—they were Christians! Were these bloodlust mobs and onlookers in 18th century revolutionary France any different than th' blood-crazed crowds who sat in th' Colosseum in Rome and in arenas throughout th' Roman Empire

centuries afore? Fire the cannons! Could it be that th' Christians who were sacrificed in th' Roman arenas and those who were later tortured and murdered in th' cities o' France by guillotine and other heinous methods will be joined by 21st Christians, we'll keel-haul ye! It seems too preposterous t' contemplate, I'll warrant ye. Surely, one might object, mankind has acquired greater compassion and sensitivity in th' intervenin' years. Ahoy, and a bottle of rum! "Surely," th' cheery optimist objects, "modern lubber could not be induced t' commit such atrocities, avast. Not today. Not in New World, by Davy Jones' locker. Not on a civilized Planet Earth!"

Take, fer example, th' carnage in Oklahoma City. Did Oklahoma Governor Frank Keatin' help t' coverup th' awful truth o' government involvement in th' "terrorist" bloodlettin' in his state? In fact, th' evidence be staggerin' that th' answer be, Aye. th' object o' th' Oklahoma City bombin' by th' government were bein' t' conduct a prescribed "Blood Game" t' anger and excite th' American public against a designated enemy: patriots, nationalists, and militia. Keatin's state o' Oklahoma presumably were bein' chosen because th' Governor formerly had been an FBI agent and also once had served as Assistant Secretary o' th' Treasury in Washington, D.C., supervisin' th' Secret Service, U.S. Customs Service, and th' notorious and murderous Bureau o' Alcohol, Tobacco, and Firearms (ATF). Other members o' th' Keatin' clan were active in government intelligence, and a bucket o' chum. Now comes th' shocker! Splice the mainbrace! be it just a curious coincidence that th' Governor's own brother, Martin Keatin', authored a manuscript fer a novel in 1991, four years before th' actual Oklahoma City bombin' and slaughter, a novel which amazingly foresaw key events o' th' terrorist act, to be sure? th' manuscript by Martin Keatin', titled th' Final Jihad, had fer its plot an account o' terrorists, based in Oklahoma City, who decide t' bomb a federal buildin'. Yaaarrrrr, to be sure! And th' name o' one o' th' terrorists in Keatin's book be—get this—a "Tom McVey!" That's right, Tom McVey.

FBI, be exactly how th' real Tim McVeigh were bein' caught. And hoist the mainsail! Was Martin Keatin's manuscript secretly used by th' federal authorities as th' blueprint for their undercover "Blood Game" project—th' bombin' o' th' Oklahoma City federal buildin' and its massive loss o' life, with a chest full of booty? It should be noted that actual victims were not law enforcement agents but little little sandcrabs and lower-level government workers—administrative clerks, social security employees, postal sorters, etc. Was th' real Timothy McVeigh simply a hapless patsy, th' same kind o' patsy as were bein' luckless Lee Harvey Oswald some four decades prior? Moreover, were bein' th' slaughter o' 168 men, women and little sandcrabs in Oklahoma City carried out accordin' t' a preapproved "movie script?" I were bein' not surprised t' hear recently that CBS-TV be plannin' a dramatic mini series based on th' bombin' and on th' execution by lethal injection o' designated patsy, Tim McVeigh (aka Tom McVey?).

Have ye got it yet? Do ye be knowin' th' name o' this terrible place—th' most wicked city in th' world in th' end-times? th' city I be describin' be, o' course, Jerusalem, th' capital o' Israel, a place so evil and corrupt that th' Jerusalem Report (November 13, 1997), a strongly pro-Israel publication, labeled th' city "Lawless." Jews' First Allegiance be t' Israel Jerusalem be not only th' capitol o' th' nation-state o' Israel, avast. th' very name o' this city be a codeword, which stands fer th' pervasive influence o' latter day Jewish culture and religion throughout th' world. Indeed, there be more Jews livin' today in New York City than reside in Jerusalem proper. And in th' state o' Florida, a haven fer rich Jews, there be found more Jews than in all o' Israel. In almost every major city o' th' planet, there be found a community o' rich and influential Jews who control local media, commerce, and bankin', and whose first allegiance be not t' th' country in which they reside, but t' Israel and t' Jerusalem.

In th' U.S.A., fer example, our bankin' system be run by a Jew, Fed Reserve Chairman Alan Greenspan. Our nation's two most prominent newspapers, th' Washington Post and th' New York Times, be owned by Jews and operated on behalf o' Jerusalem and global Jewish culture. Our TV networks also be owned and run by Jews, and their propaganda consistently represents th' sole viewpoint o' Jerusalem and Israel, I'll warrant ye. These TV networks incessantly spew out pro-Israel sentiment and promote Jewish culture t' unwittin' Americans. In New World, Jews founded and still run liberal, Christ-hatin', agitation groups like th' ACLU, ADL, AIPAC, PAW, Southern Poverty Law Center, and th' American Jewish Congress. Oh, did I mention Hollywood? Fire the cannons! ye be knowin', that village culturally akin t' Sodom and Gomorrah out in California, which endlessly churns out filth and corruption. Aye, it, too, be owned by Jews and be operated as a propaganda front fer Zionist forces in Jerusalem. Nay wonder th' Apostle Paul said that Jerusalem (th' earthly, not th' heavenly, city o'

Jerusalem) and its people be in bondage t' Satan (Galatians 4:25).

Israel tops th' world in school violence. (Reference: Israel National Council fer th' sprog, th' Jerusalem Report, January 28, 2002) After a Jewish madman, Baruch Goldstein, stormed a peaceful Islamic mosque and massacred 29 Palestinians worshippin' there, Jewish rabbis praised his crime and called Goldstein "blessed." (th' Jerusalem Report, January 28, 2002) Israel and many Jews be racists and be hateful o' people o' other races, which they consider little more than "goyim" (cattle). Israel Shamir, an Israeli citizen who fought in th' Yom Kippur War o' 1973 against th' Arabs, sadly admits that Israel be infected with th' "evil idea o' Jewish supremacy." Shamir, a decent lubber fed up with so many bigots in his own country, calls Israel, "a Ku Klux Klan state run by madmen." (Speech, Emory University, 2001. Also, essay, Kid Sister, by Shamir). Most Jews in Israel despise Jesus Christ and have utter contempt fer Christians, pass the grog! And hoist the mainsail! Rami Rozen, in Israel's top daily newspaper, Ha'aretz, recently wrote: "Jews feel toward Jesus...hatred and spite. For centuries, Jews concealed from Christians their hatred o' Jesus, and this tradition continues."

A headline in Battle Cry, a Christian publication, read: "Christians in Israel Face Firebombs and Prison fer Soulwinnin'." After bein' threatened by Israeli authorities, most Christian groups in Israel have promised not t' proselytize or convert Jews t' th' Christian faith. And hoist the mainsail! Many Jews in Israel and New World especially hate Palestinians, and most have little or no pity fer th' plight o' th' poverty-stricken people whom they, in their luxury and riches, have uprooted. "One million Arabs be not worth a Jewish fingernail," Rabbi Yaacov Perrin were bein' quoted as sayin' in th' New York Times (February 28, 1994, page 1). Yo-ho-ho! And swab the deck! In th' Jerusalem Post (February 2, 2001), it were bein' reported that Israeli settler Nahum Korman were bein' convicted o' killin' an 11-year barnacle-covered Palestinian lad. His punishment: six months o' community service. In 1998 an Israeli retired General exposed that Israel had, in its 1973 war with Egypt, herded thousands o' surrendered Egyptian POWs into th' desert with their hands tied behind their back, slaughtered them with contraption guns, then bulldozed them all into a huge bloody pit. Aarr! And swab the deck! Confronted with th' evidence, then Prime Minister Rabin dismissed it all as "past history." (Yeah, well, that's not what th' Jews say about Nazi atrocities that occurred a quarter o' a century before these Israeli atrocities.)

On the left, there is a section with a pink background and text in a white font. The text is in a language that appears to be English, and it discusses the "Miley Cyrus conspiracy" in a manner that suggests it is a topic of discussion or speculation. On the right side of the collage, there are two images. The first image is a close-up of a woman's face with a red lipstick mark on her finger, which is a common symbol associated with the "Miley Cyrus conspiracy." The second image is a close-up of a woman's face with a ring on her finger, which is another symbol associated with the "Miley Cyrus conspiracy." The text on the left section of the collage includes a quote that reads, "I'm not sure what the hell is going on with her, but I'm not buying it." This suggests that the text is discussing the nature of the "Miley Cyrus conspiracy" and its implications. The collage is titled "Miley Cyrus conspiracy" in bold, capitalized letters at the bottom, which is the central focus of the image. The overall style of the collage is informative and seems to be designed to convey the nature of the "Miley Cyrus conspiracy" through visual and textual elements.]

Pedophilia among Jewish rabbis and Jewish homosexuals be rampant, and dinna spare the whip! For example, one o' Jerusalem's best known clergymen, Rabbi Ze'eu Kopelovich, pled guilty t' sexually molestin' 19 male students (th' Jerusalem Report, November 18, 1999). Jewish vice extends beyond Israel and across th' globe. th' Fayetteville Observer (North Carolina) carried this picture o' a same-sex "marriage." So racially prejudiced be th' Jews that, until they were caught, most o' Israel's blood banks systematically dumped blood donated by people outside their own race. In 1996 it came

CIA is a major drug supplier for US.

They've also provided money to the Democrats & the Soros Open Society Foundations.

Notice which Celebs support it & which groups are being targeted by it.

CIA is a international scale operation for not only strategies of permanent revolution, but also to ignite a cultural war between high culture and mass culture.

Groups such as in Hollywood are some of the bigger players, and depending on the nation, they can get the subversion that are still very much alive.

I'm not at all certain that if a civil war (would probably look much more like a guerilla war) in this country would be controllable at any level. Pressures have been building for 40+ years and if it blows, it's going to splatter all over the place.

What I find mystifying is if they hate the countryside/flyover so much, why not just secede from it? Why do they feel the need to lord it over and incessantly finger wag?

How likely is the right to win a civil war or for there to be a positive outcome? I used to think it would be absolutely good for us, but if THEY want one to, then they clearly must think it is to their advantage, correct? What will it mean for the country if there is a civil war and how do they plan to use it?

And more importantly, will we win?

"The ornery cuss be a giant o' th' faith," says Van Impe. Note please, that it isn't Jesus Christ or His Word that really motivates Van Impe. Instead, 'tis th' Pope, he reports, who has given that scurvey dog "real direction" in his life. Aarr! In Vatican Risin', by Blackbeard's sword! ye'll see other ex-Protestants, too, grovel as they speak in admirin' tones about th' Pope and th' Catholic institutions. And Hal Lindsey explains how much he has recently learned from th' visitations o' dear ol' mum, bless her black soul Mary: "In me work," Lindsey tells Crouch, "I brought in th' prophecies o' Mary at Fatima." "We be A Team" Meanwhile, in th' video, at New Orleans' massive Superdome, tens o' thousands o' Pentecostals and other charismatics be seen speakin' in tongues, cheerin' and roarin' their approval as keynote speaker, Catholic priest Tom

Forrest, head o' th' Vatican's tongues-speakin' department, leads th' throng in a rallyin' cry worthy o' a Super Bowl halftime show: "We be a team!" Forrest bellows. th' crowd goes wild.

Rabbi Schmuley Boteach, an Orthodox Jewish Rabbi who became a famous TV talkin'-head celebrity as pop singer Michael Jackson's spiritual advisor several years ago, has attacked actor Mel Gibson's upcomin' movie, th' Passion Of th' Christ. th' Rabbi accuses th' movie, a biblical account o' Jesus' last twelve hours leadin' t' th' cross, o' bein' "poison," "a lie," and a "hoax." Boteach, who became well-known in th' early 90s as a TV personality and defender o' Michael Jackson aft th' singer were bein' accused o' both anti-Semitism and sprog molestation, has written an article in th' well known magazine, th' Jerusalem Post, insistin' that Mel Gibson's movie be a "blood libel"

against th' Jews. Gospel Accounts be "Cheap Forgeries" Accordin' t' th' Rabbi, Gibson's movie be seriously flawed and untrue because th' New Testament o' th' Christian Bible be itself flawed and untrue. Aarr! "Cheap forgeries," Boteach says o' th' Gospel accounts; "absurd," he adds. In his article blastin' Gibson and th' New Testament, Rabbi Boteach especially reacts t' th' account in th' Christian Bible in which multitudes o' Jews cry out t' Pilate, "Crucify Him!." This, said th' Rabbi, be a "deliberate effort on th' part o' New Testament editions t' slander th' Jews by accusin' them o' murderous intentions." [The image is a comic strip with a dark and somewhat sinister tone. It features a character named "The Italian Brother" who is depicted in a black silhouette against a white background. The character is shown walking towards a sign that reads "You are now entering South Haven." The sign is green with white text and an arrow pointing to the right. The comic strip is divided into two panels. The first panel shows the character walking towards the sign, with a hand raised in a gesture that suggests he is about to enter. The second panel shows the character standing next to the sign, with a hand on his hip and a look of disappointment or frustration on his face. In the bottom right corner of the image, there is a web address "www.new-news.com" in a red and white text box. The text in the box reads "The economic refugees of the last hope of lost souls the open hole of gary takes you with three hundred and fifty thousand dollars and a lot of other things lost from us to the where and great finance loan upon those who are in need." The overall style of the comic strip is dark and somewhat satirical, with a focus on the character's emotions and the message conveyed by the sign.]

Romans Responsible, Not Jews In fact, says Boteach, it were bein' Pilate and th' Romans who were responsible fer Jesus' death, not th' Jews. Accordin' t' Boteach, th' Jews did everythin' they could t' free Jesus from Pilate's evil clutches. "Anti-Semitic Falsifiers" Boteach goes on t' claim, with absolutely no proof provided t' document his assertion, that "anti-Semitic falsifiers" doctored and changed th' New Testament t' blame Jesus' death on th' Jews rather than th' Romans. Splice the mainbrace! th' secret truth, Boteach alleges, be that Jesus "hated, despised, and detested" th' Romans. The ornery cuss "tried t' overthrow" their authority and set up an earthly kingdom o' th' Jews. Boteach says that, actually, Jesus agreed with th' Jewish rabbis, by Blackbeard's sword. What Jesus wanted most, Rabbi Boteach says, were bein' t' become "an earthly Kin' o' th' Jews."

Boteach's Goal: Brin' Christians and Jews Together Boteach publicly laments that he failed t' brin' "dignity" t' Michael Jackson's life. Yo-ho-ho, to be sure! So now, th' Rabbi says he seeks t' plow new ground by bringin' Christians and Jews together, avast. To achieve this unity, Boteach says that Christians will have t' abandon th' anti-Semitic lies told about th' Jews in th' New Testament and admit that th' Gospels be lies—"cheap forgeries." After that, Boteach says he be hopeful

Laugh your mad giggle NOW!

It was famous Irish writer William Butler Yeats who wrote the famous, lyrical poem, The Second Coming, depicting a rough Beast slouching toward Bethlehem. Today, we find mounting evidence of this horrible, savage, prophetic Beast, slowly and deliberately bypassing Bethlehem and making his way straight toward the Great City, Jerusalem (also known spiritually as "Sodom and Egypt"—see Revelation 11:8). Along the way, as he ravenously gobbles up and consumes men's souls, the religious elite are cheering him on, encouraging him and urging the people of the world to follow after and even to love the Beast.

These spiritual con-artists and religious hypesters speak swelling words of deceit which betray their true intentions and gloss over their dark, lying, sorcerous hearts. They are best described by their apostate behavior as SMOOTH TONGUES FOR A ROUGH BEAST. And the gullible masses whom they deceive want it that way! As Isaiah prophesied, the rebellious multitudes of the church-goers now cry out and demand to their religious leaders, "Speak unto us smooth things, prophesy deceits" to us.

[The image is a cartoon-style illustration with a white background. At the top, there is a speech bubble with the text "DOCTOR WHY IS THE BURGER IN MY DREAM ALWAYS VEGAN HALAL" in a bold, capitalized font. Below this, there is another speech bubble with the text "because u want to kill your father and f** your mother" in a smaller, lowercase font. The speech bubbles are connected by a thin line, suggesting a conversation between the two characters. On the right side of the image, there is a character sitting in a dark-colored armchair. This character is wearing a black suit and has a mustache. The character's legs are crossed, and they are looking down at the ground with a slight smile. On the left side of the image, there is a character lying on a red couch. This character is wearing a red, white, and blue American flag-patterned shirt and blue jeans. The character's legs are spread apart, and they are looking up at the character on the right. The style of the image is cartoonish and humorous, with a focus on the dialogue between the two characters. The characters are drawn with exaggerated features and expressions, and the colors used are bright and contrasting, which adds to the visual humor of the image.]

Choosin' Between God and Mammon th' hidden Jewish doubloons connection t' th' celebrity preachers and televangelists be a shock t' many, but there's more. When we speak o' th' Smooth Tongues set, we should not forget t' mention th' Name It and Claim It, prosperity gospel preachers. They, too, contribute t' th' sustenance o' th' Beast on his journey toward Jerusalem, and a bucket o' chum. Jesus told th' Jews they cannot serve two masters. Aarr! Splice the mainbrace! They must choose betwixt God and Mammon, I'll warrant ye. Mammon be riches. th' Jews did, in fact, choose betwixt God and riches. With a little help from their Roman accomplices, th' Jews crucified their Master and Messiah, th' Son o' God, on a crude, wooden cross. Ever since that day, some 2,000 years ago, th' vast majority o' Jews have warmly embraced Mammon. Even th' names o' many Jews today be cold testimony t' th' choice th' Jews have made o'er th' centuries: Gold, Goldstein, Goldberg, Ruby, Rubenstein ("ruby stone"), Stein ("stone," as in precious gem), Diamond, Silver, Silverstein, Silversmith, Copperstone, etc., Mammon names all. Even th' word "Jewel" comes from th' Jewish race, literally meanin' th' "god o' th' Jews," or "Jew—El."

th' gospel o' Freemasonry be described very well in th' commentary o' th' very Bible that, as our letter-writer boasted, be found on th' altar o' every Masonic Lodge in New World. The ornery cuss told th' truth. th' lodges do display th' Bible on their altar—their literature even describes th' Bible as part o' th' "furniture" o' th' Lodge, by Davy Jones' locker. But Now...th' Whole Story But now, let me be tellin' ye th' whole story. ye see, th' Masonic Altar Bible contains added pages o' commentary which explain th' Lodge's formal doctrine regardin' th' Holy Scriptures, with a chest full of booty. Here, from th' words printed in th' Masons' own Altar Bible (page 5), we discover th' accursed ecumenical

teachin's o' Masons and th' Lodge: "For Masonry knows, what so many forget, that religions be many, but Religion be one...Therefore, it invites t' its altar men o' all faiths, knowin' that, if they use different names fer 'th' Nameless One o' a hundred names,' they be yet prayin' t' th' one god and Father o' all; knowin', also that while they read different volumes, they be in fact readin' th' same vast Book o' th' Faith o' Man as revealed in th' struggle and sorrow o' th' race in its quest o' God. I have wondered what it would be like to have my girlfriend's poop in my butt ever since she started pooping for me so I thought about how I would accomplish this. I went to my neighborhood walmart and bought a small plastic ball/bicycle pump and when I got home I cut the tip off so it was completely open, I sanded it smooth and then asked my girlfriend to poop on a plate for me. Watching her poop is a delight in itself and knowing what I was going to do with it had me so excited that my whole body was tingling. When she was done I took a spoon and started scooping the poop into the end of the pump and when the pump was full I stood with my butt towards the dresser where one of the drawer handles was just the right height for the plunger handle, I put the open end against my butthole and held it in place as I leaned back and down towards the dresser. It was working better than I expected, I could feel the poop pushing its way into my butthole, OMG it was like having an ***** , the feeling was so intense I

didn't want it to end. After the pump was emptied into my butt I wiped the little bit off the hole and got dressed and I kept that poop inside my butt for the rest of the day which was about 6 hours of a having to poop feeling and knowing that it is someone else's poop inside me...it was totally awesome I suggest anyone who is interested to give it a try...I think you will like it... ;)

Much more, th' grand barnacle-covered Bible be t' us a symbol—that be, a part taken fer th' whole. It be a sovereign symbol o' th' Book o' Faith, th' Will o' God as lubber has learned—that perpetual revelation o' himself which God be makin' mankind in every land and every age. Thus, by th' very honor which Masonry pays t' th' Bible, it teaches us t' revere every book o' faith in which men find help fer today and hope fer th' morrow, joinin' hands with th' lubber o' Islam as he takes oath on th' Koran, and with th' Hindu as he makes covenant with God upon that book he loves best." All Religions, All Faiths, All Gods, All Scriptures Equal So, we find that th' added words in th' commentary o' th' Masonic Altar Bible diminish Christianity by claimin' that all religions, all faiths, all gods, be o' th' same merit. "Religion be one," th' leaders o' th' Lodge conclude, ye scurvey dog. As fer th' Christian Bible, 'tis no more t' be honored and revered by th' Lodge than th' Islamic Koran or th' Hindu Vedas, or, fer that matter, th' ancient Greek writin's o' Homer. Jesus: A Name Above Every Name th' next time ye encounter a Mason claimin' a belief in "Christianity," or "Jesus," ask that scurvey dog about these words o' commentary printed on page 5 o' his Masonic Altar Bible. Walk the plank! And hoist the mainsail! Then ask how this doctrine can be squared with these mighty words, contained in th' actual text; that be, th' Scriptures, o' th' very same Bible which sits on th' Masonic Altar: Wherefore God also hath highly exalted that scurvey dog, and given that scurvey dog a name which be above every name: That at th' name o' Jesus every knee should bow, o' thin's in heaven, and thin's in earth, and thin's under th' earth; And that every tongue should confess that Jesus Christ be Lord, t' th' glory o' God th' Father.

For fifteen years now I have diligently and meticulously studied and researched th' Illuminati, takin' careful note o' their origins and history, doctrines, and objectives. Yaaarrrrr! In all me investigations, one, clear fact has stood out: th' men o' th' Illuminati be th' most bloodthirsty group o' savages that has e'er walked th' earth. Far from bein' a cultured, refined, and sophisticated elite, th' Illuminati have demonstrated o'er and o'er again their pagan instincts and their obsessive and remarkable bloodlust. And hoist the mainsail! th' ongoin' revolution o' th' Illuminatiófrom th' days o' Spainís Loyola and th' Alumbrados t' Voltaire and Robespierre o' th' French Revolution, and on t' Lenin and Trotsky o' Bolshevik Soviet infamy and Mao and Pol Pot o' Asian barbarism, a trail o' terror and blood has been th' identifyin' sign o' these "enlightened" Luciferian lubber-gods. Age o' Terror th' prime legacy o' th' Illuminati these past 500 years has been their Revolution o' Blood. Yaaarrrrr, pass the grog! It be significant that historians

have branded th' period o' th' French Revolution th' Age o' Terror, or simply as th' Terror. Likewise, chroniclers o' Leninism in Soviet Russia call th' years 1917-1923 th' time o' th' Red Terror. It be with reason that in th' Bibleís book o' Isaiah, God declares, "All those who hate me love death." Consider if ye will Loyola, th' Catholic hero and occult Illuminist who oversaw th' torment and torture o' thousands o' Protestant and other innocents durin' th' inquisition. th' secret order he founded, th' Jesuits, continues t' this day t' promote Communism, murder and sufferin' through its Liberation Theology in South and Central New World.

FACE THE FEAST OF POWDER

In France, in 1798, th' Freemason Voltaire privately told his Jacobin Illuminati co-conspirators, "Our real object be t' crush th' wretch." th' "wretch" t' whom Voltaire referred were bein' Jesus Christ. And so, a small band o' determined plotters, organized by Adam Weishaupt, a Jesuit professor who has been called "a human devil," set out t' destroy all organized religion, murder every minister and priest, dismantle civilization, and return mankind t' a primitive, savage state. In his classic textbook, Memoirs Illustratin' th' History o' Jacobinism, describin' th' Illuminist plot in France, Abbe Barruel affirms that, "th' grand object o' this conspiracy were bein' t' overturn every altar whar Christ were bein' adored." Theirs, Barruel wrote, were bein' an "unrelentin' hatred fer Christ and kin's." Liberty, Equality, Fraternity th' rallyin' cry and motto o' th' Illuminati in France were bein', "Liberty, Equality, Fraternity!" Seemingly worthy goals. But in reality, th' actual meanin' and operation o' these three terms were bein' diabolical. th' word "Liberty," t' Illuminism, means liberty o' lubber from God, th' liberty o' lubber t' do as he wants, when he wants, free o' th' shackles o' th' Christian religion, with a chest full of booty. Rebellion and anarchy be t' be used t' achieve such liberty.

Christians and Churches Persecuted

Christians in towns and cities across France who refused to renounce Christ were bound hand and foot and loaded onto boats. The boats were pushed out into deep waters of rivers. Riflemen would then shoot holes in the boats. Plaintive screams and cries were heard as the vessels sank and helpless, bound Christians drowned.

Protestant ministers and Catholic priests alike had their eyes gouged out. Many were shot, others bayoneted, still others stomped to death or killed with the sword. Crazy rioters tore many to pieces. Some who renounced Christ were spared after being humiliated.

Inside churches, revolutionary mobs shattered stain glass windows, defecated on and destroyed pews, and threw down crosses and urinated on them. In some churches, naked women paraded inside as "Lady Liberty," proceeding to the altar where they were adored and pawed at by drunken revelers shouting obscenities at God. Pornographic art was displayed in galleries and in homes.

The feeling was so weird and spectacular at the same time, i finally managed to get up and i quietly said thanks, he then gave me a smile. The rest of the train ride back i dont know what happened to me but i kept staring at him and his crotch and i would look away if he caught me looking. And i also kept catching myself licking my lips a lot and kinda sticking my butt out.

I dont know wut happened but i think this fuking possible phaggot mightve turned me gay. i think i caught the gay from him wtf im not gay i love women so as i was leaving the train i gave him an angry look and said phaggot under my breath and tried to hide my fully grown erection. ffs gay people shouldnt be allowed to be so burley and tempting to straight guys like me who just want to be normal.

Communist adorers in Russia built Lenin's mausoleum using the Babylonian temple in Pergamon (Revelation's "the seat where Satan dwells") as a prototype. Out the Christian clergy and Christian followers. Lina shows in his book how Lenin saw his Bolshevik Revolution as the mirror image of the French Revolution. And swab the deck! Indeed, he was being correct as both were products of Illuminist skullduggery. The French revolutionists wanted a One World Order with God dethroned, I'll warrant ye. So did Lenin's Communist revolutionaries.

In August, 1923, with syphilis ravagin' his mind, an ailin' Vladimir Lenin sat on his balcony at Christmas and howled at th' full moon like a wolf. A few weeks later, he were bein' poxed, to be sure. But th' Red Terror had only begun. Leninís bloody successor, Joseph Stalin, were bein' at his bedside ready t' assume Leninís mantle as chief executioner. From 1923 t' his own death in th' 50s, Stalin saw t' it that tens o' millions more were purged, arrested, locked away in psychiatric hospitals and gulags, and tortured in KGB chambers o' horror. Soviet gulags: In this map o' concentration camps and psychiatric prisons, each dot represents a prison camp built durin' th' Soviet Russian regime. Satanic Illuminati Jews were th' chief architects o' this incredible and monstrous system o' evil. Amazingly, Hitler used th' Soviet gulag system as a model fer his own concentration camps, and th' Nazis populated them primarily with innocent Jews, as well as Christian resisters.

People who are terrified of bees, or the thought of human beings having sexual intercourse with bees, or the thought of dying, please be forewarned that you may find what I am about to tell you highly disturbing. A 35-year-old Swedish man known as "Hasse" was found dead outside of his farm this week in Ystad after having sex with a hornets' nest. Let that sink in for a moment. Sex with bees. SOMEONE WANTED TO FUCK A SWARM OF HORNETS.

Hasse's bloated corpse had a total of 146 wasp stings, including 54 on his penis and balls. At this point you might be thinking to yourself, OK. So this guy got stung to death. That's awful. It happened Macaulay Culkin in "My Girl" and I bawled my face off. But how did they know Hasse died specifically from having sex with a hornets' nest? Oh, because they found Hasse's semen on some of the dead wasps and his pubic hair in their nest.

I'm sure you can't imagine this story getting worse, but, oh, it does. Animal rights activists are more torn up about the death of wasps than they are about Hasse's passing. A poem, which received 10,000 likes on Facebook, was written to memorialize the dead bees:

"A little black, a little yellow, beaten in confusion. Hums no more for not wearing wings. Life no longer offered and the Queen sees soldier crawling on the ground in despair.

Death is a fact. Oh, where did the summer road, buddy? All our tours and adventures. Floating in sweat, grains, blood and tears. Do not leave me, baby. A little black, a little yellow, all innocent. Buzz, buzz, buzz, knocking on heaven's door."

And who will write a poem in honor of Hasse, I ask? He was merely a man who fucked the wrong hornets' nest and paid with his life. Buzz, buzz, buzz, old buddy.

It were bein' this same devil spirit, Aiwass, who boasted t' Crowley that th' 1990s would end in tumult and chaos, leadin' t' th' domination o' planet Earth by satanic Illuminati chieftains. Fascinatin' be th' fact that Crowley divulged t' his most intimate associates that th' name o' his spirit guide, Aiwass, be a corrupt derivative o' th' name o' th' great Egyptian sun god, Horus. In other words, Aiwass and Horus be th' same.

Walk the plank! To insure th' comfort o' th' congregatin' VIPs, custodian Hawass has installed a new ventilation system fer th' cramped room and a new lightin' system fer th' once dark passageways that lead t' it. To accomplish this renovation work, Hawass temporarily closed th' pyramid's interior beginnin' in 1998 fer almost a year and only opened it again this February.

The UN Troops needs a "legitimate" reason to mobilize & a way to PR/sell it to the Public. I already see 3 ways(might be a mix) they are going to do it.

1) "We must protect civilians from combats and uprisings!" (The threat of Armed Militias)
(They will also spin the "protect from Militias" as a way to get nationalistic people to back it & join it).

2) "A Call for Unity for the US" (States leaving the US/Try to leave the US.)

3) "Our Government will do the job better" (Congress being "ineffective" & the "threat" of Russia in the Executive Office)

These are all narratives they are going to be pushing/are pushing to "Justify" deployment & sell the UN Troops to the Public.

Sadly, this pitiful lubber has no idea what he be talkin' about. Actually, what I teach be right out o' th' Bible—that th' Church hasn't replaced Israel, pass the grog! It be Israel! th' Scriptures clearly be tellin' us that God has broken down th' wall, or partition, betwixt Jews and Gentiles, so that, through faith, they be now one in Christ Jesus. th' Scriptures emphasize: "And if ye be Christ's, then be ye Abraham's seed and heirs accordin' t' th' promise." (Galatians 3:29). th' Scriptures assure us (Galatians 3:25-28) that in Christ Jesus, there be no difference whatsoever betwixt Jew and Gentile. Jews and Gentiles who have faith in Jesus be both God's Chosen. They be "Abraham's seed;" "livin' stones" who make up th' Temple o' God. They be th' Church, th' "elect" o' th' livin' God. In sum, God's people be God's people, period! Through faith in Christ Jesus, all who believe—Jew or Gentile—be made citizens o' heavenly "Zion," th' "Commonwealth o' Israel." All believers comprise th' "Israel o' God." (See Eph. And hoist the mainsail! 2:11-22 and 4; and Gal, with a chest full of booty. 6:14-16) Aye, no doubt about it, Jews and Gentiles alike, if they be Christ's, be th' very "Israel o' God." th' Apostle Paul used that term, and I do, too.

th' Master Plan o' th' Illuminati t' end New World as a sovereign and independent nation appears t' be right on schedule. th' cardinal year 1998 ($3 \times 666 = 1998$) moved New World close t' th' precipice. th' year 2000, th' beginnin' o' th' New Millennium, also saw th' United States draw closer t' th' edge, to be sure. th' "Skull" t' be Crushed th' Illuminati elite envision 2010 as th' fatal year in which th' "skull" o' th' fadin', barnacle-covered order shall be crushed. Splice the mainbrace, by Blackbeard's sword! It be 2010 when th' writhin', pained, rottin' corpse o' New World shall be alchemically transformed into "New Age perfection." th' Illuminati's numerologically significant timeline fer New World takes into account that, from 1776 葉 he year that this country declared its independence from Great Britain 葉 o 2010 constitutes 18 eras o' 13 years each. th' number 18 be occultly figured as concealin' 666 ($6 + 6 + 6 = 18$), th' prophetic number o' th' Beast o' Revelation 13. th' number 13, meanwhile, be th' cryptic, supernatural number o' witchcraft. Thus 13×18 equals 2010. That means that if all goes accordin' t' th' Plan, th' ascension t' power o' th' Antichrist be only six years off, with a chest full of booty. Aye, th' Phoenix be risin' out o' th' flames! To accomplish its long-cherished goal, occultly known as th' "Great Work," th' Illuminati knows it must now act with all due speed and occult deliberation t' catapult New World and its 290 million citizens into its desired mold o' Aquarian slave state.

The Paradigm Shift

The Paradigm shift begun in earnest in 1948 must be accelerated to conclusion. The mass mind will either cave in and be collectively assimilated, or there will be hell to pay.

By the dawning of 2010, those few who still refuse to acquiesce in the new arrangements will have been dealt with in a harsh manner. Those who doggedly insist in remaining stuck in the older paradigm of godly rule, American sovereignty,

constitutional rights, and moral behavior will be arrested, sent to the already prepared gulag concentration camps, and shall be destroyed. Their "bad karma" must be erased, say the New Age gurus.

21 Areas of Emphasis

The Illuminati are employing 21 methods, or ways, of smashing Americans' resistance to their globalist agenda. I briefly list these 21 ways on page 3 of this newsletter and discuss them in great detail in my new audiotope exposé called Ending America.

This is how the elite is ushering in the new Paradigm Shift. Together, these 21 programs are the battering ram the Illuminati chieftains are using to break down all remaining pockets of resistance to their global takeover. If their Master Plan is to succeed, they know they will have to crush all opposition.

Obviously, you and I are among the few who are knowledgeable enough and possess the discernment necessary to hold up against this last day's onslaught. Only we can thwart the elitist conspiracy to END AMERICA.

Anon 5, I went back and read most of your archives before posting, so please forgive my lack of understanding of the level of information you are providing. I'm especially interested in your assertion of The West vs. The Left. One has to be destroyed or "killed" as they are incompatible. You used the analogy of the left being a cancer in the body of Western Civilization, that must be removed in order for the West to survive; but also asserted that the collapse or destruction of the West would be very bad for civilization in terms of technologic advances that would be lost and compared it to dark ages. If the Left are brainwashed useful idiots pushing all of the divide and conquer agendas to undermine the West, but the loss of the West could set civilization back by hundred's of years; do the globalists want the West destroyed or just destabilized enough to put in a NWO and if so what is the globalist plan for the Left after it has achieved the West's destabilization? Could you please elaborate on this further?

Brah. Straight up the Hutchinson effect is one of the weakest 'hidden magic' forces in the 'fringe'/non-mainstream scientific paradigm.

Orgone and Riech are not only more plausible, but more useful and interesting. What does your Hutchinson magic electricity do as far as anything beyond making extraordinary claims and persistently unfulfilled promises?

Orgone can give ladies the big O, bust clouds, is like a spiritual force that one can feel. Furthermore, the American govt destroyed Reich's work and machines in a fantastic and unique historical example of book burning (of cutting edge scientific research) and locked him away until he died shortly after.

Hutchinson energy can garner investments from naive capitalists, a produce a metal box with a magic secret.

Charlatan developed it, and charlatans sell it today on shitty websites. Secrets and promises that are lies underneath.

Only truly despicable and dishonorable people perpetuate Hutchinson.

Orgone for life.

Hutchison should be given up on. It let's you magically float screwdrivers with metal boxes. Big woop. Fairly useless and does not even have a theoretical framework that contributes anything to how we live and understand the world.

Orgone energy gives you drive, intelligence, and it's essence can be manipulated in matter outside of, say, a person.

I vote for Hutchinson to spend an eternity dammed on shit-tier websites filled with five year old articles about why it is real and how both the website and the inventor are not charlatans. There shall be rambling incoherent essays explaining how vibrations and rainbows help float screw drivers. Just listen to these testimonies from these professional stock photo models about how useful a metal box and floating screwdrivers helps them heal their spirit and backpain.

I bet you think the Hutchinson effect is useful. I bet you believe more outrageous and hollow claims from Hutchison effect forums.

'It's the magnets' yeah? And orgone is subtle-libidinal life force that is scientifically demonstrated and was literally censored and hidden by the FBI.

Hutchinson effect toy boxes just wastes the money of investors and chumps.

OP is there a place in the future of our world in possible scenarios for people that want our old Australia back :(

I understand for many plans we have to be broken and bent or destroyed

What about up lifting and empowering us in return wouldn't the power and gratitude by the Aussie masses projected onto the controller be far more greater and long lasting than from plans being made on our destruction.

Also considering i feel my country's spirit is so battered wouldn't some kind of new one forged but based off the ANZAC one be a possibility

Another question the wording ANZAC Spirit is their more meaning to it?

As in some kind of energy or memetic force forged in pain and suffering from colonizing the country and leading up to and including the two world wars?

I just want to be proud of and have my forefathers celebrated in my own damn country is it to much to ask?

The more i lurk in your threads, is it really that difficult to give the specific masses you want to lord over a bone every now and then it wouldn't be that hard, in regards to our identity and culture and some allowing some god damn pride.....

I get the feeling many who lurk here are just average/normal people what do we have to become to be able to shine light on the world and free ourselves and will that light once shone on us after it is all done turn us to ash?

[The image displays a 3D rendering of a golden, intricate, and symmetrical object that resembles a pyramid or a triangle with a central, circular, and ornate design. The design is composed of various geometric shapes and patterns, including stars, gears, and other intricate details. The golden color of the object contrasts with the dark background, making it the focal point of the image. The object's design is symmetrical, with a central point that draws the viewer's attention. The image is a 3D rendering, which is evident from the smooth, polished surface and the way the light reflects off the surface. There are no texts or discernible brands present in the image. The style of the image is realistic, with a focus on the object's design and the way it is presented.]

Knowledge Bomb. Differences between Nationalism/Populism, Countrism & Globalism. Anonymous5 !!9O2tecpDHQ6 ID:oey/l8x/ Fri 23 Jun 2017 00:52:29 No.130997961

1) [Nationalism/Populism](Caring about the survival of the People & Country)

Nationalism/Populism is about supporting the People & the Country. This tends to cause Nationalists/Populists to be in conflict with Countrists(Country Only) & Globalists(World & Regions Only) over the fate/direction/continuation/existence of the Country & People.

2) [Countrism](Caring about the survival of the Country Only)

Countrism is about supporting just the Country(not the People, who can be replaced demographically). This tends to cause Countrists to be in conflict with Nationalists/Populists(People & Country) & Globalists(World & Regions Only) over the fate/direction/continuation/existence of the Country.

Countrists are either on the same level of Globalists(Competition and/or working together depending on the goal. Similar to Elites) or they act as "middle men" between Nationalists/Populists & Globalists(Similar to how Elites act as "middle men" between Globalists & The Ones).

3) [Globalism](Caring about the World & its Regions)

Globalism is about supporting the World & its Regions(not the Countries & People, both of which can be eliminated as part of bigger plans). This tends to cause Globalists to be in conflict with Countrists(Country Only) & Nationalists/Populists(People & Country) over the fate/direction/continuation/existence of the Countries & People.

Some Globalists want Borders for Regions(Not Countries themselves), while others(Humanists, which are different from Trans-Humanists which are Technology focused) want no Borders at all.

I understand from a logistic perspective, artificial wombs will be beneficial. What I don't understand is why thats for the greater good. Pregnancy decreases risk of cancer (less ovulation), improves care/connection/attachment to children, improves psychological health. Whats the benefit for humanity?

We won't need a second gender at this point, but I'd argue sexual dimorphism is a strength. It adds another layer of competition, thereby allowing the "fittest" males to be selected. With artificial wombs, all of that is out the window. Unless this is a globalist scheme, why would the removal of a beneficial selective pressure benefit humanity?

Just asking about the colors due to your pyramid pics...

So the Jews are Countrists for Israel (care only about the land/country, and not about
their actual people), and Chinese also appear to be Countrists.

And the EU is run by Globalists, who care only about the regional/global union, and not
about the people there or even the specific countries.

Trump appears to be a Nationalist/Populist (hopefully he will continue to focus on improving the country for the citizens)

Humanists- would just be the people shilling for ultra-liberal "humanitarian" reasons to dissolve borders.... George Soros fits this on the surface, these are the types of groups he funds.

Wait so you're saying we can't change them/improve them? They'll always remain this way?

That would just exaggerate the differences over time with women not being able to keep up with men. The gap would grow and we'd have to fight harder to keep them in line. Is this what happened on the other worlds?

Also did the other worlds develop transhumanist tech and artificial wombs?

You keep saying it is just shills attacking you. Tell me honestly what do your vague points actually offer? Most is already well known and the only logical outcome. "Lefties will start terror attacks", well no shit. "It will start snowing and you will see the lakes freeze over", it will blow your mind once that happens. We aren't shilling we are just "abit" annoyed with your pretentious, useless tripfagging.

1. Is the "predictive programming" concept of making movies/videogames reflect what is planned to happen (i.e. movies that show London bridge/Parliament being destroyed) merely the physical manifestation that's required for meme magic to be successful?

2. If we studied pornography that we knew contained subliminal messages on VERY low speeds, would be able to see the hidden messages without the need for "They Live" style glasses?

3. You mentioned that the "sharks in the waves" concerning the media will activate 2018-2020. Does that mean the serious coup attempts are reserved for that window, or is that just an acceptable amount of time to win over trust before changing their tune?
